BAM

They say
rabbits leap
to the moon.

The supremacy of Japan is at stake.
A battle of the twelve zodiac signs
that has been going on
since ancient times.

Even now, in the age of man,
the dark struggle continues—

Ka-ching

Well,
you are all
very
energetic
girls!!

Knock

And you
too,
old man.

You're
so quick,
aren't you!

CLANG

Roger
that!

The
Sheep Fiend...
That's
a nasty one.

They can't
help it...
Take care of
your old man.

Let's both
get close
to him
at once.

The moon
is the source
of our power...

Especially
on a
full moon
night!

Float...

Especially
in sleep
and dreams.

Night is
the domain
of the sheep.

Sheep's
Head
and
Dog's
Meat

The
secrets
of the
zodiac

Here...
if you let your
guard down
and doze off,
You'll
lose to the
tortoise, too.

Hypnotize
with the
sound of
sword blows

I run
a whorehouse
in this town.

Before
I serve
them to
my
customers:
I'll give you
a taste first.
