

My daily routine every morning is to observe my neighbors

The early bird catches the worm

And

For some reason, the women next door do exercises in the garden every morning wearing only loincloths

Oh god!  
I'm cum!

chico  
shico

My neighbors  
masturbate  
all day like  
they have a  
quota to meet

We broke up because  
I was peeping  
at them while  
they were  
taking a bath

Oh!  
Yes!

I honed  
my peeping  
skills and  
continued  
to watch  
them

But  
I  
never  
give  
up
