Dance school

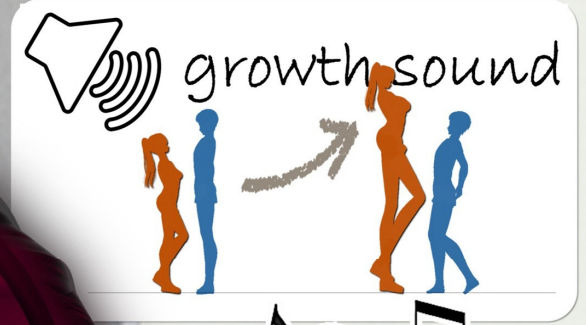

growth sound

“**Growth sound**” only affects girls, not boys, and it has been developed under top-secret conditions.

The sound is discreetly played over **the school's public address system.**

class room

**I hear a strange sound coming
from the classroom.**

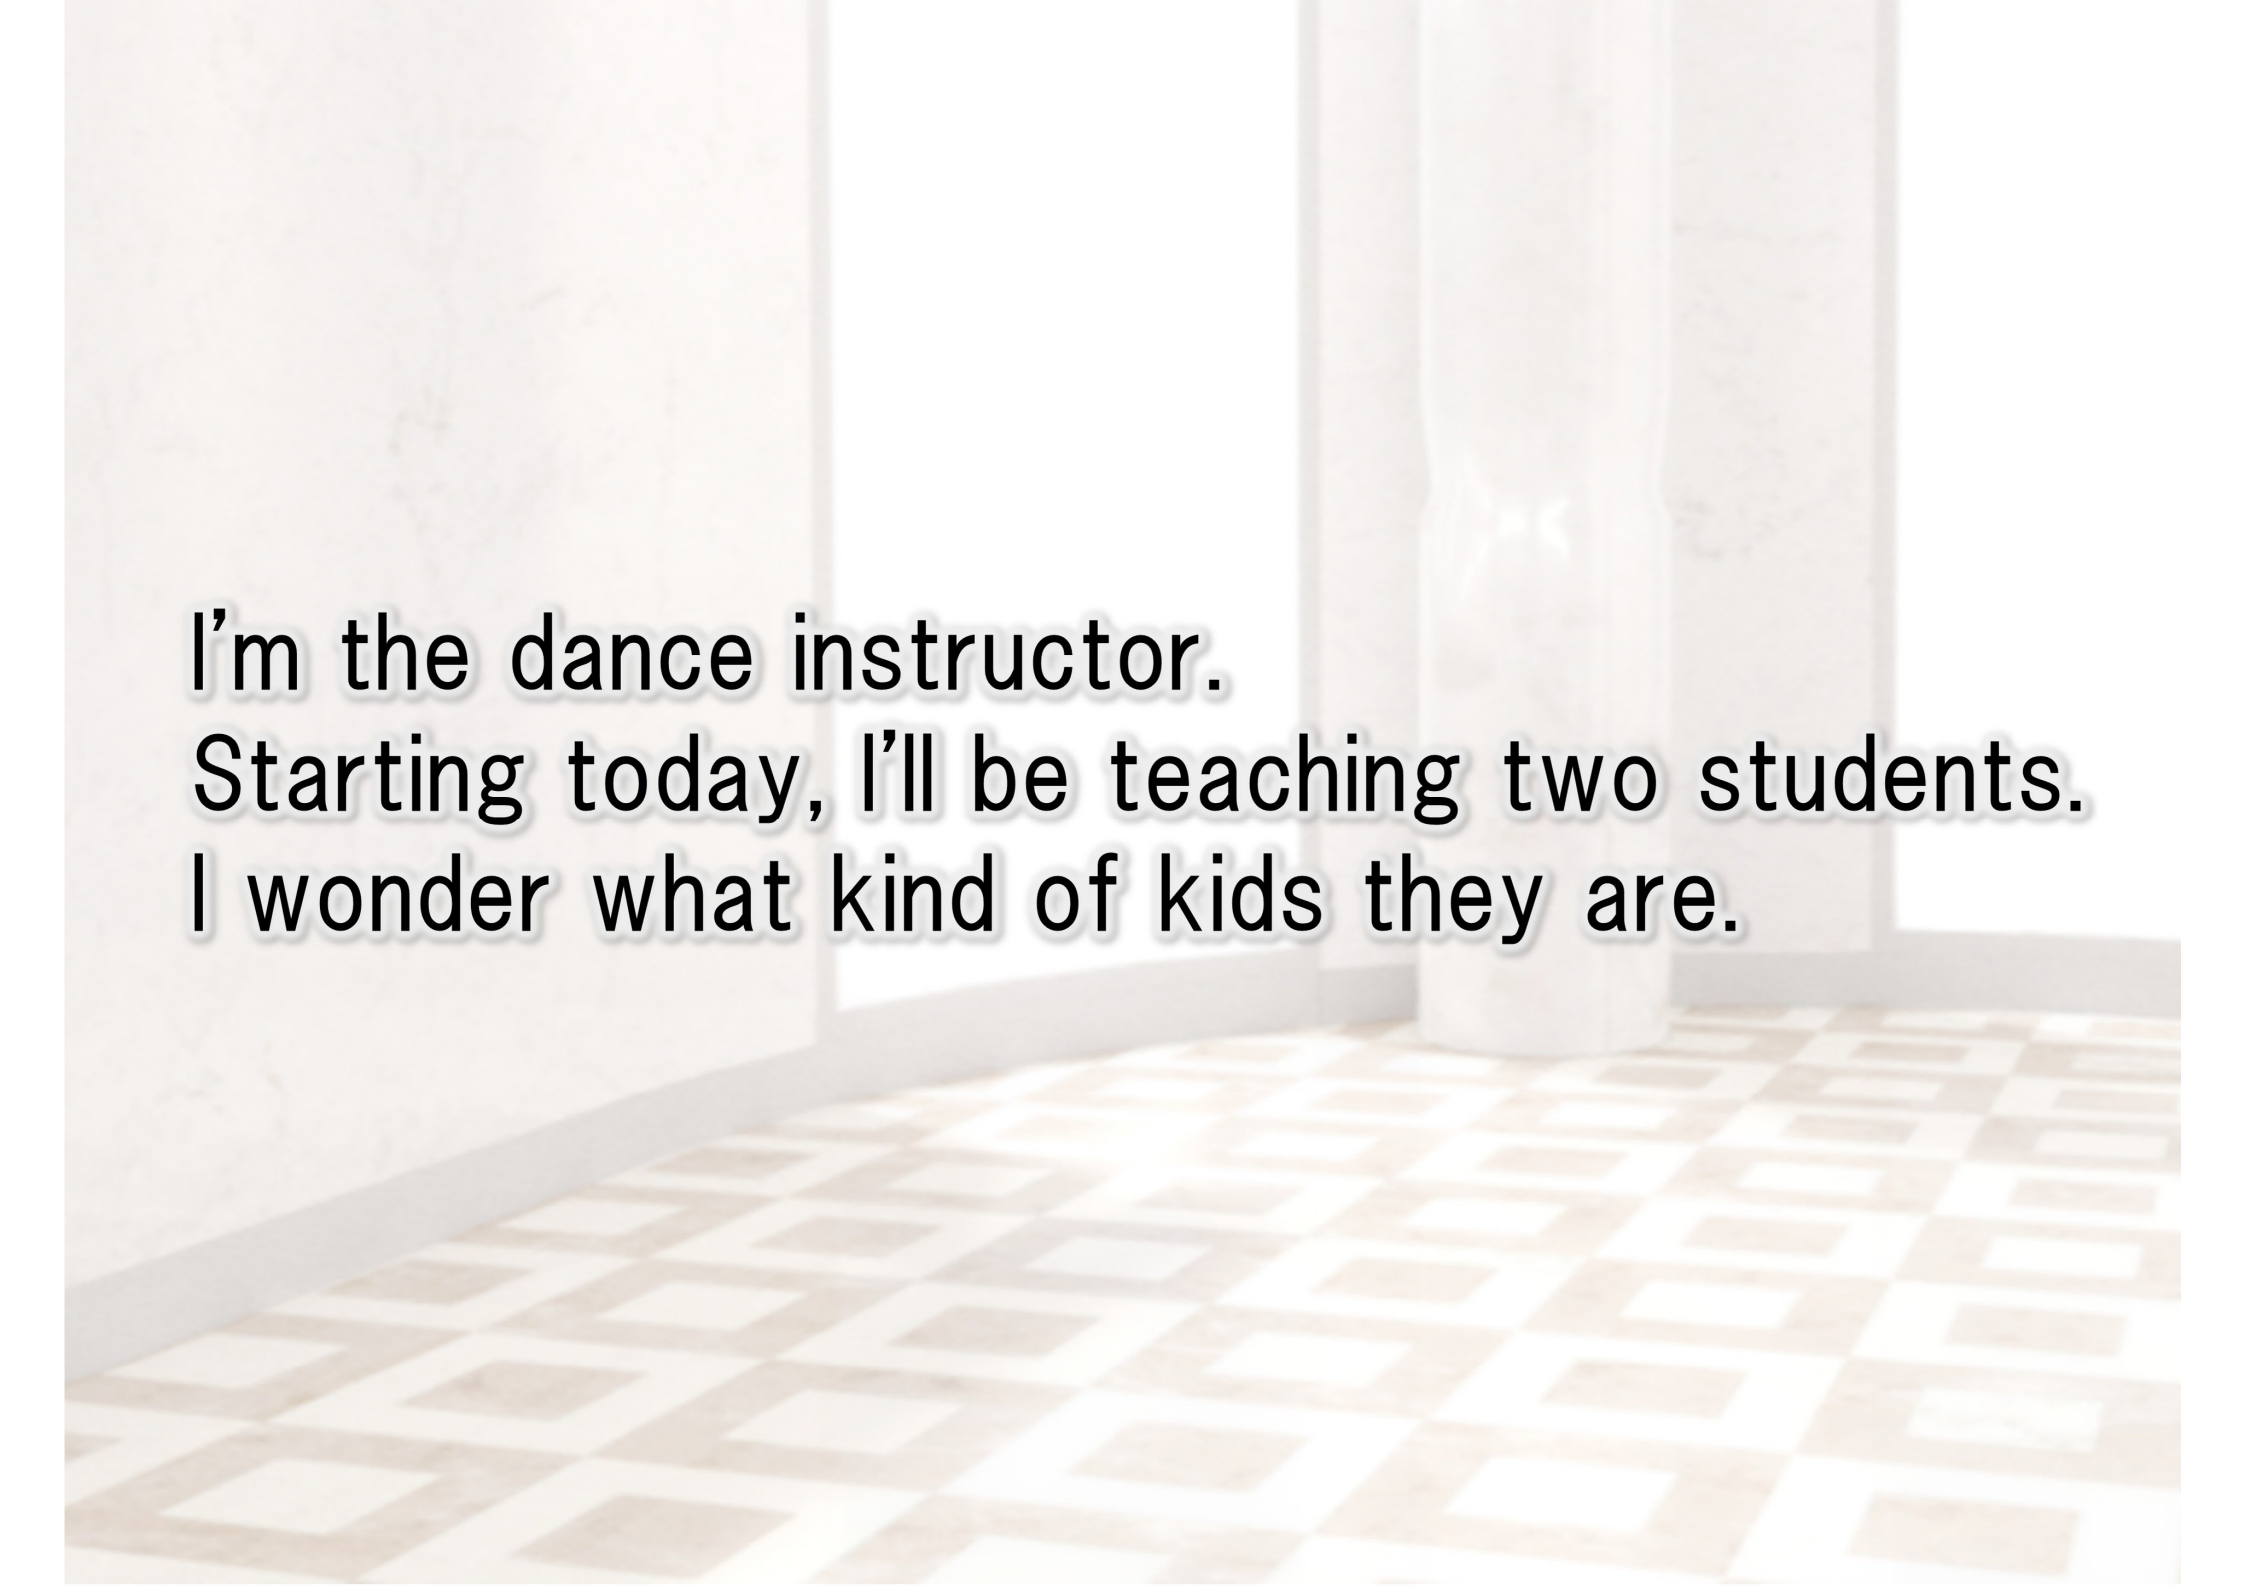

class room

**My body feels weird...
Today is the start of dance school,
I wonder if I'll be okay.....**

A 3D rendered scene of a room. The floor is covered in a checkered tile pattern with light beige and cream-colored squares. A white, cylindrical pillar stands in the center-right of the frame. The walls are a light, textured beige. The lighting is soft and even, creating a clean, minimalist aesthetic. The text is overlaid on the left side of the image.

I'm the dance instructor.
Starting today, I'll be teaching two students.
I wonder what kind of kids they are.

Nice to meet you.

Nice to meet you.

Nice to meet you. Let's do our best together. Let's try dancing right away.

There's quite a height difference.
I wonder if we can manage pair dancing.

Yes, I'm sorry.

That's no good at all!
Your back is bending too much!
Straighten your spine more!

Stretch up more!
Your eye levels aren't aligned!

I'm sorry.

**It's hard to lift my
head because of the
height difference.**

**I can't dance like this. I should
talk to the teacher next time
about how pair dancing might
be impossible...**

Day 1 140^{4'7"}cm

150

100

50

3 days later

A close-up of an anime-style girl with dark red hair tied in a bun, looking slightly down with a sad expression. She has large brown eyes and is wearing a light blue top with a white strap. The background is a blurred, warm-toned pattern.

Teacher... I think pair dancing is impossible for me because I'm too short....

That's not true. Your practice is paying off. Let's just try our best today.

Yes....

Your back is bent again!

I'm sorry.

Huh? I think your back used
to bend even more
before...

**Yeah, your eye level matches
perfectly now! You've improved!**

Really!? Thank you so much!!?

An anime-style illustration featuring a young man and a young woman. The man, on the left, has short black hair and is wearing a green t-shirt; he is seen from the back. The woman, on the right, has long dark red hair and is wearing a light blue off-the-shoulder top over a white tank top. She is looking back over her shoulder at the man with a gentle smile. The background is a plain, light grey wall.

**Thank you for the encouragement!
I'll keep trying my best at pair
dancing after all.**

Yes, that's the spirit!

Something feels
different. Is this
really just the result
of practice?

Day 3
140^{4'7"}cm → 150^{4'11"}cm

6 days later

**And finish there! That was good.
Today's practice is done.**

Has you grown taller? There' s almost no height
difference now...

Eh, r-really...?

An illustration showing the backs of two women standing side-by-side. The woman on the left is wearing a light blue, short-sleeved, knee-length dress with a white hem and black trim at the neckline and sleeves. She is also wearing black tights. The woman on the right is wearing a green, short-sleeved, knee-length dress with a white hem and a blue waistband. She is also wearing blue shorts. The background is a simple, light gray gradient.

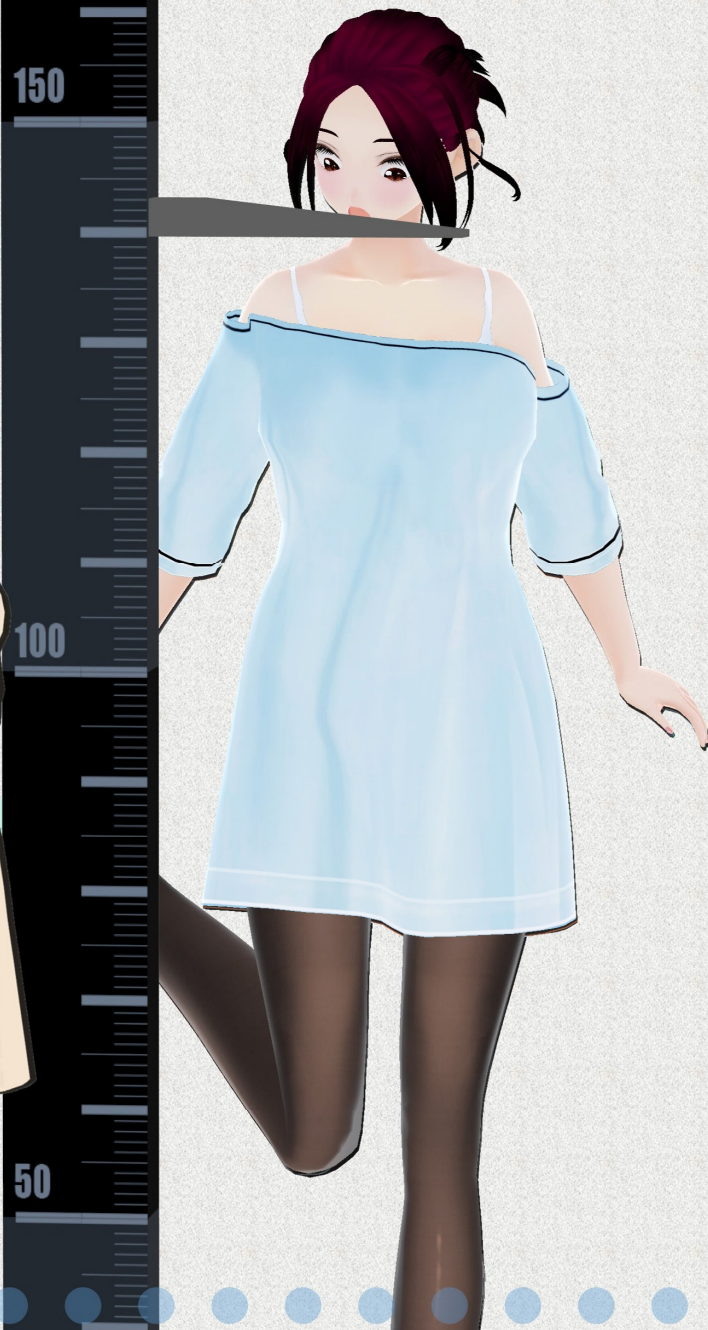

Her body also
looks more
mature!

Her eye level is
nearly the same
as mine now...

Day 6

150^{4'11"}cm → 160^{5'3"}cm

12 days later

Huh? I think your back used to
bend even more before...

A close-up, anime-style illustration of a young woman's face. She has large, expressive brown eyes with white highlights, looking slightly upwards and to the right. Her dark hair is visible on the left side of the frame. The background is a soft, out-of-focus light gray.

Hasn't you gotten taller than me?

Sorry, I think I'm in a growth spurt...
I might have passed you, teacher....

**W-Well, let's begin
today's practice.**

Yes

class room

I hear a strange sound coming from the classroom.

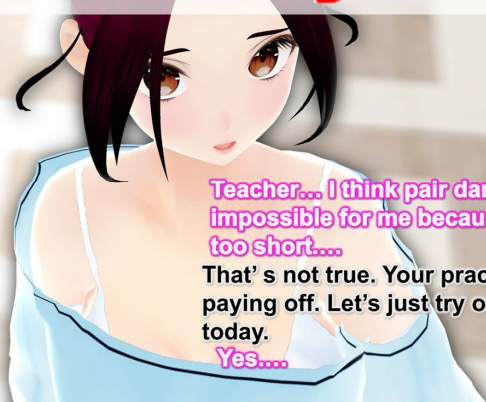

There's quite a height difference.
I wonder if we can manage pair dancing.

Day 3
4'7" → 4'11"
140cm → 150cm

Girls grow in height, style and ability!
But boys stay the same!

Teacher... I think pair dancing is impossible for me because I'm too short....
That's not true. Your practice is paying off. Let's just try our best today.
Yes....

Something feels
really just the result
of practice?

The height difference is reversed! And her build is bigger too... Can we still manage pair dancing?

Her body also looks more mature!

Small girls outgrow boys!

Girls grow after growth!

maybe you should practice some flexibility.

Okay, understood.

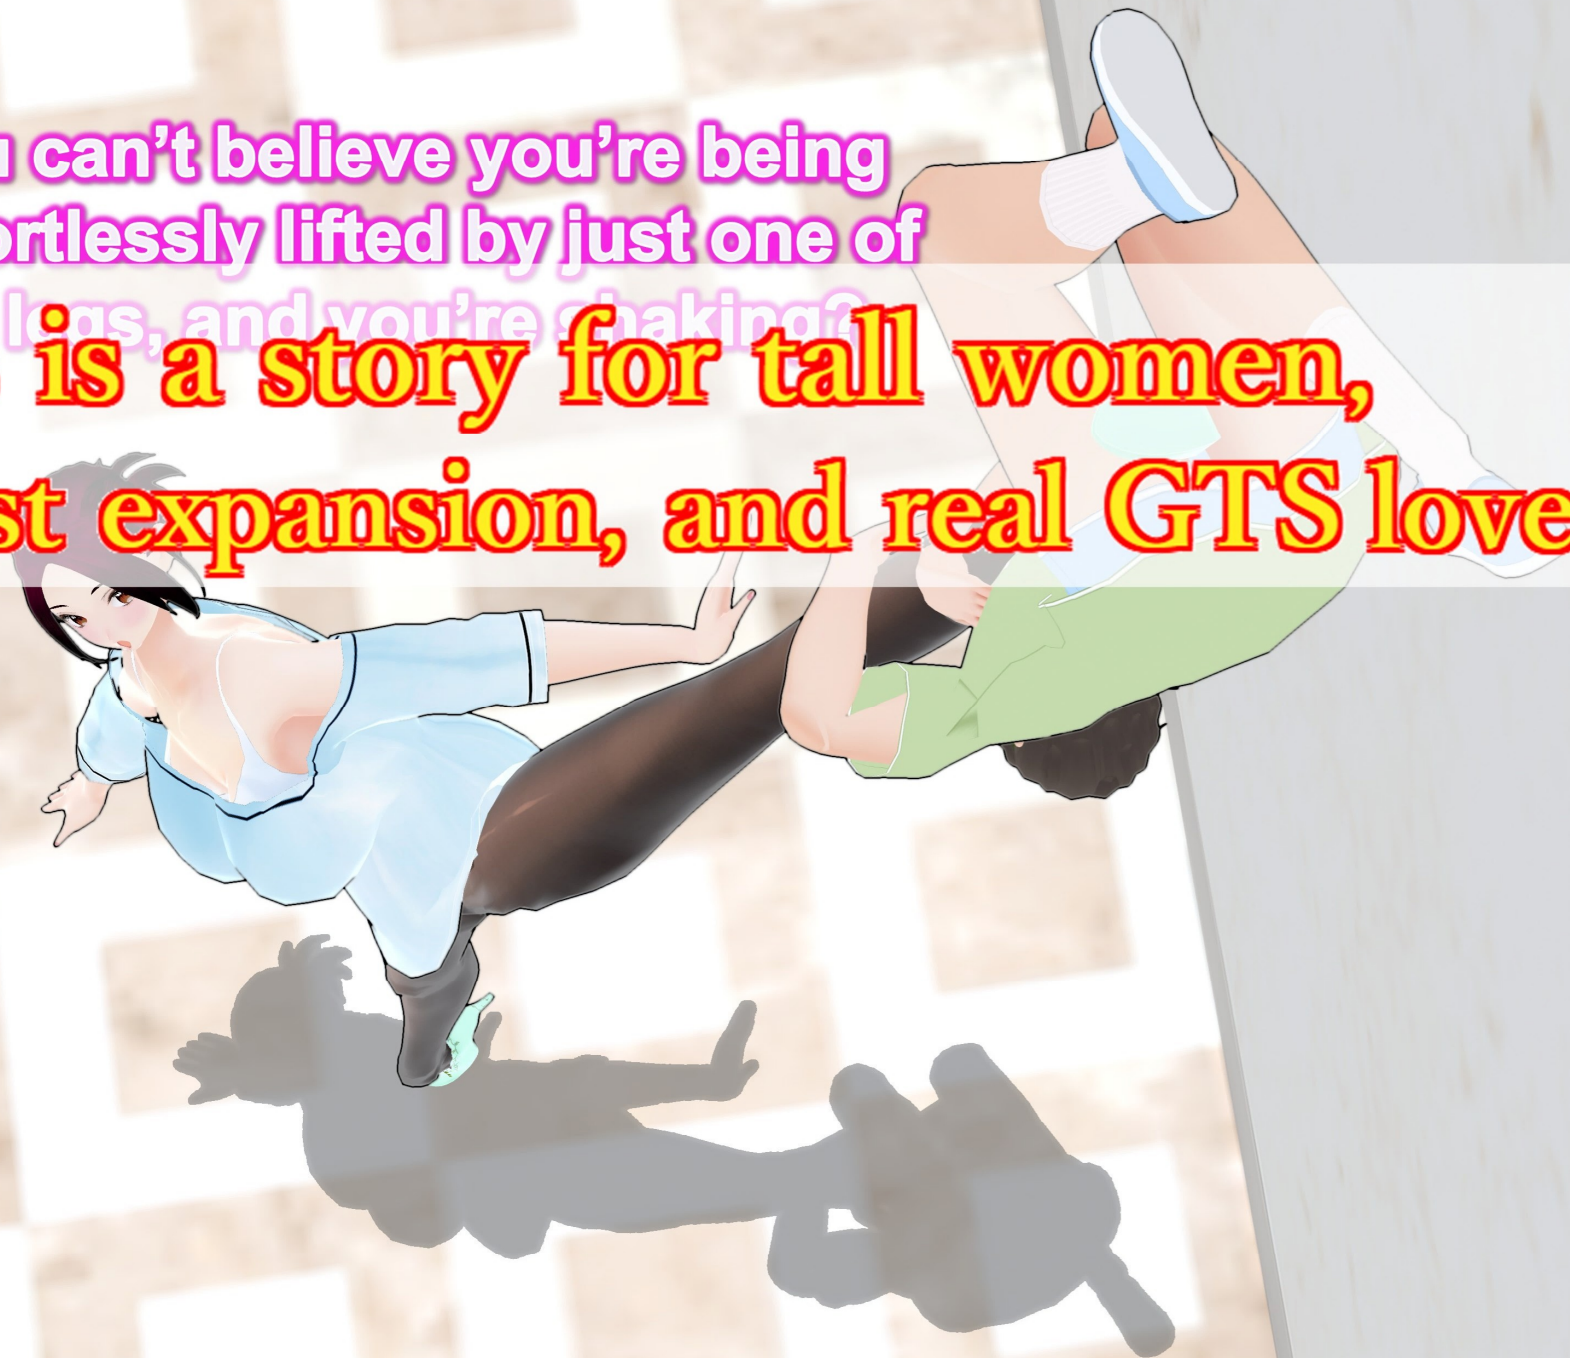

My chest has also grown, and even I'm surprised.

You can't believe you're being
effortlessly lifted by just one of

my legs, and you're shaking?
**This is a story for tall women,
breast expansion, and real GTS lovers!**

Outgrowing only **girls**,
Overtake **boys**,
