Growth  
sound

Step

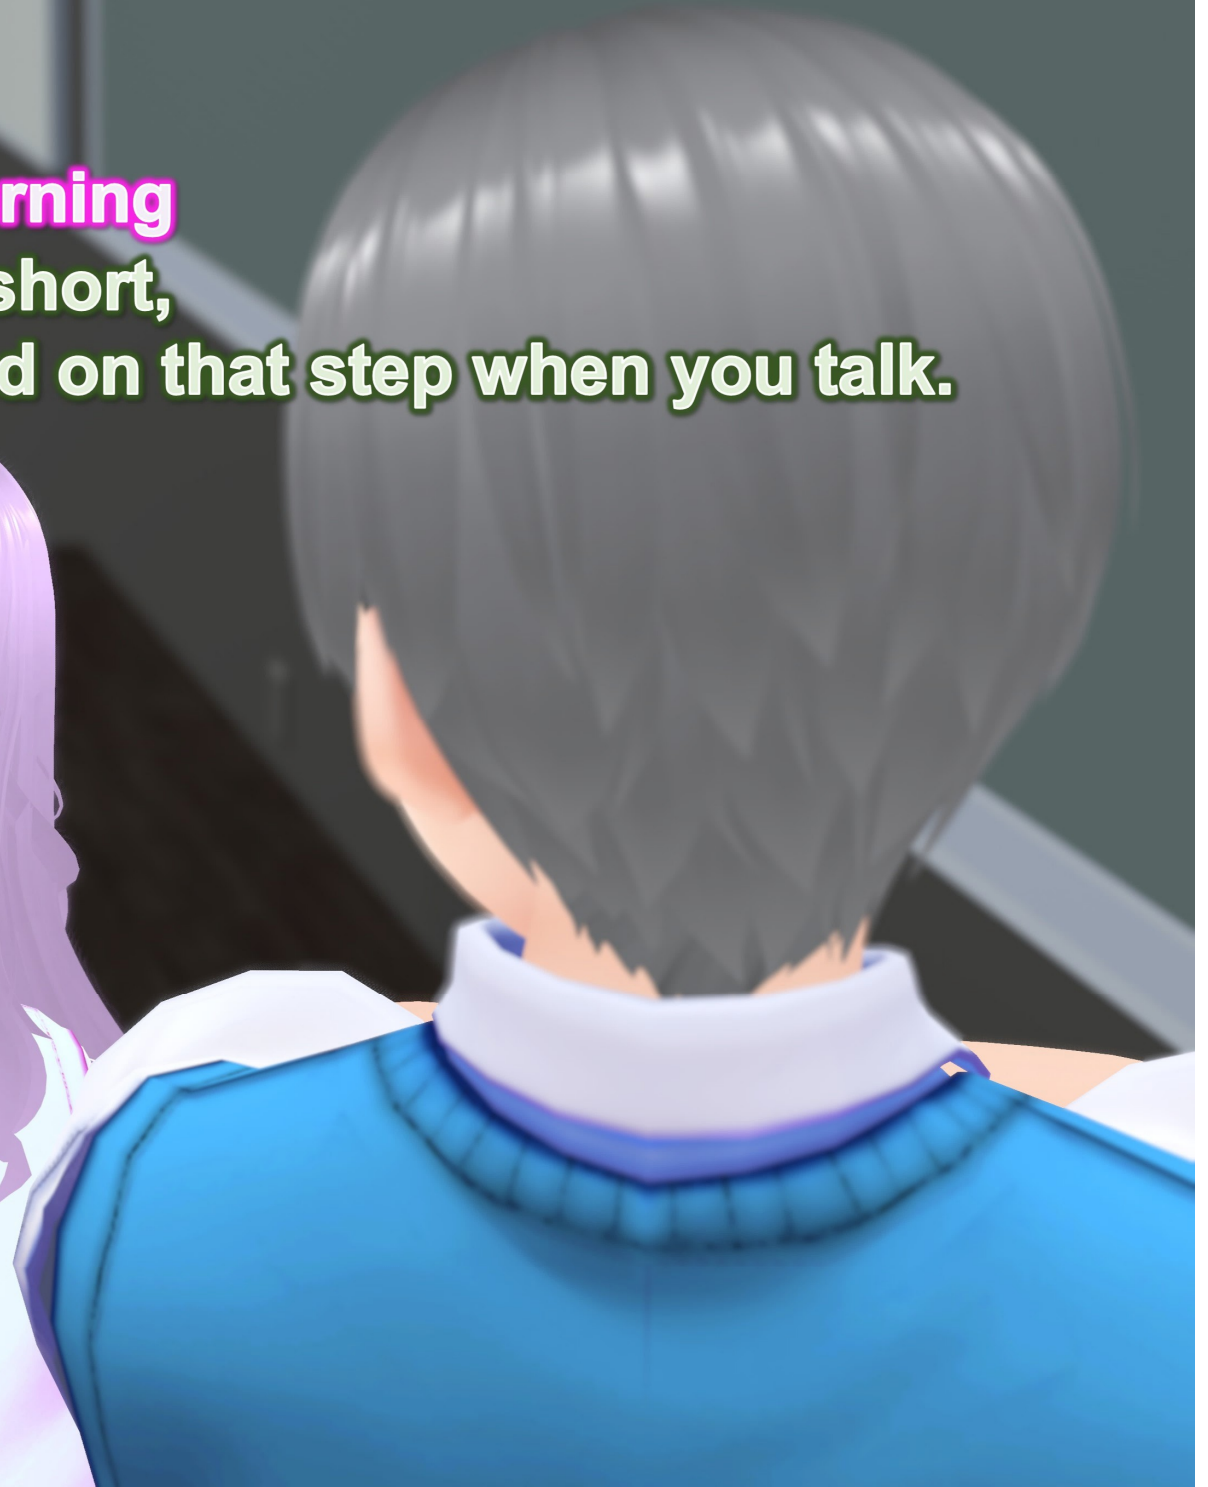

“**Growth sound**” only affects girls, not boys, and it has been developed under top-secret conditions.

The sound is discreetly played over **the school's public address system.**

**Good morning**  
**You're short,**  
**so stand on that step when you talk.**

**Ehh, that's such a hassle.**

**Is this better? Anyway,  
good morning again.**

# School

growth sound

Don't you hear a weird  
sound coming from  
the classroom?

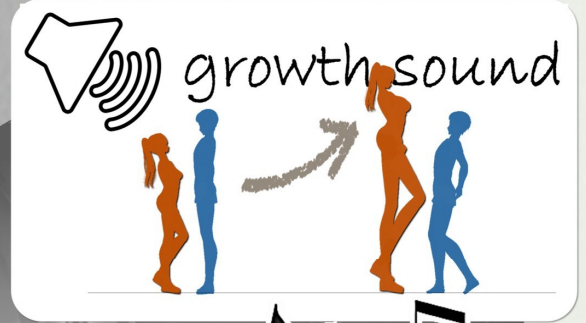

Huh? I don't hear anything though.

# School

My body feels hot...  
this is strange...

Are you okay?

# School

I'll go back to my seat.  
Bye.

It feels low when you step down  
from the step.

**3 days later**

Morning~

**What's up?**  
**Huh?**  
**I don't hear**  
**anything though.**

A low-angle shot of two people's legs and feet on a wooden floor. On the left, a person in a school uniform with white socks and black Mary Jane shoes stands on a dark wooden step. On the right, a person in grey plaid pants and white sneakers stands on the main wooden floor. The floor is made of light-colored wood planks in a herringbone pattern.

**Because I'm standing  
on the step, maybe.**

**You're the one  
who told me to stand up here!**

**But yeah, lately I feel like  
our eye levels have  
gotten closer.**

**I feel like there's energy  
overflowing inside my  
body.**

Maybe that's why.

**Wait, even with the step, she's taller!?**

**Well then, bye.**

**She stepped down, right?  
Then why is her head still that high!?**

Day 3

140cm<sup>4'7"</sup> → 150cm<sup>4'11"</sup>

**6 days later**

Lately, my body feels hot...  
it's such a strange sensation.

Why are you so tall?  
Because I'm on the step.  
Come up here too.

Huh? Wait, could it be...

**We're the same height now?**

**Haha, sorry,  
I'll go down from the step.**

**It's weird for a girl to look down at you  
anyway, so this step solves it, right?**

Day 6

150cm<sup>4'11"</sup> → 160cm<sup>5'3"</sup>

**12 days later**

Here we go —

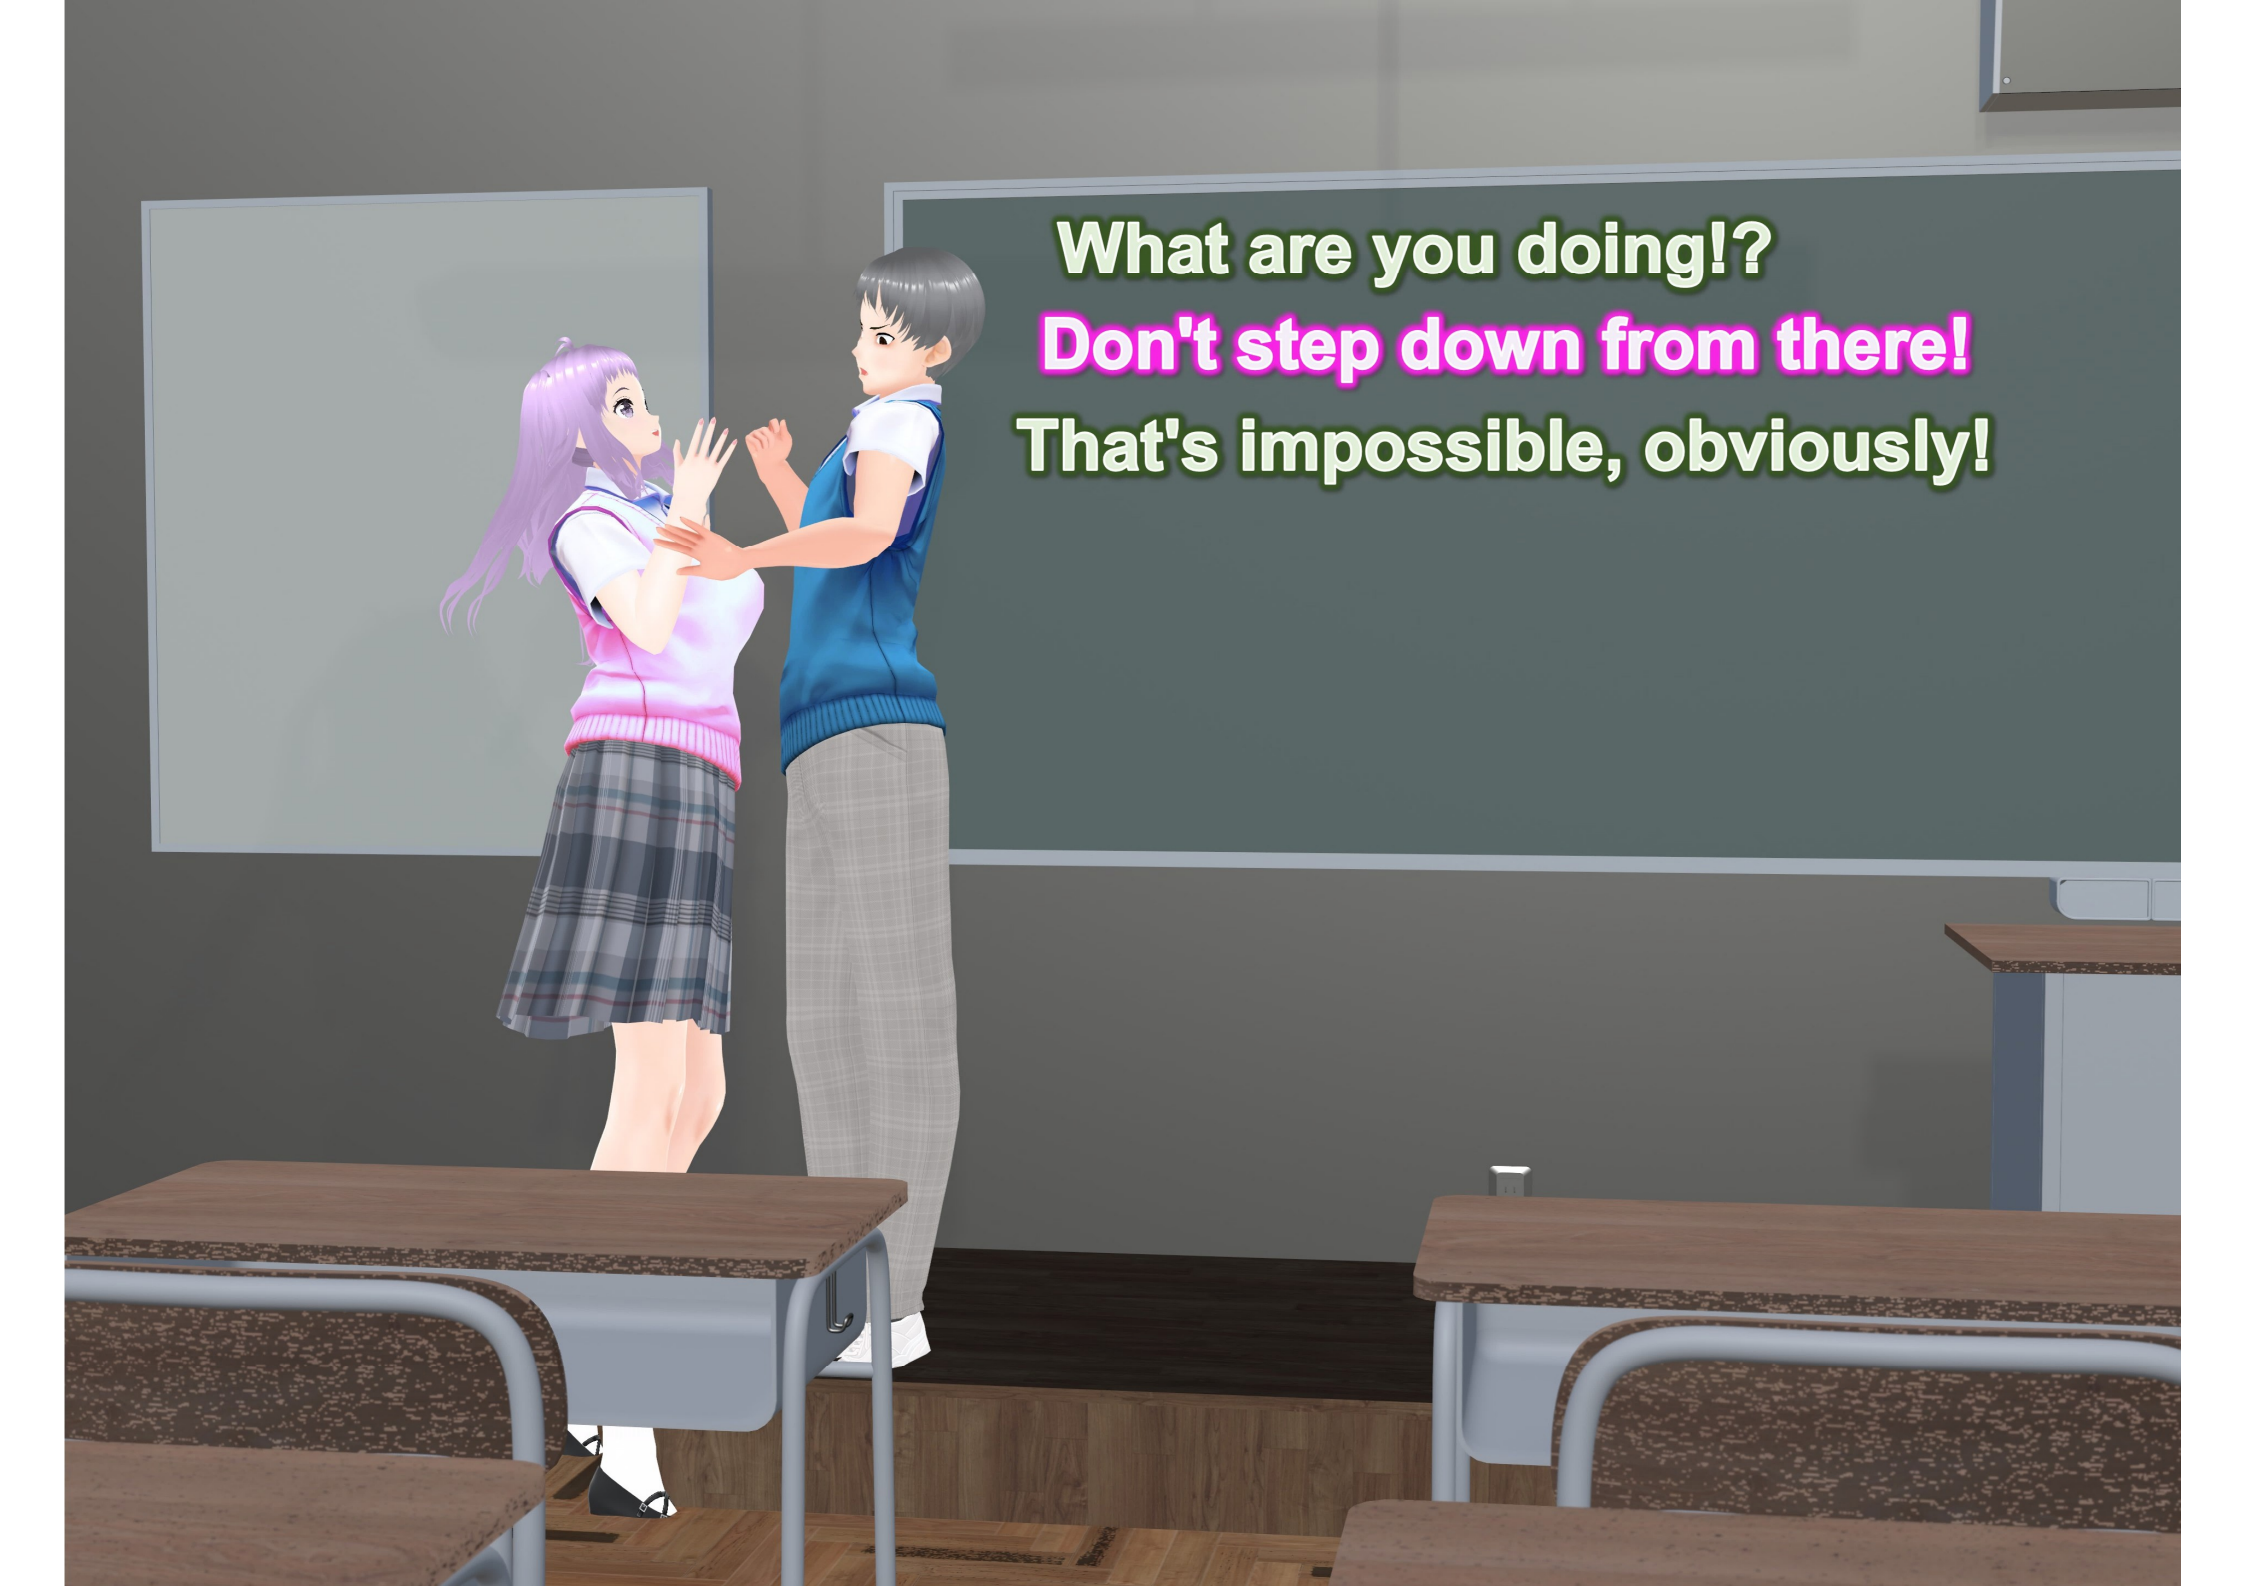

**Wait a sec!**

**Whoa!**

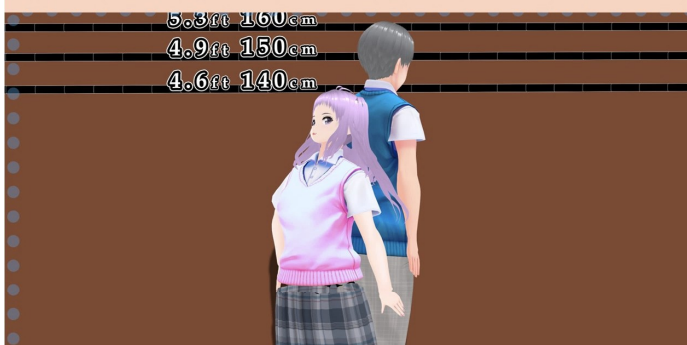

**What are you doing!?**  
**Don't step down from there!**  
**That's impossible, obviously!**

Girls grow in height, style and ability!

But boys stay the same!

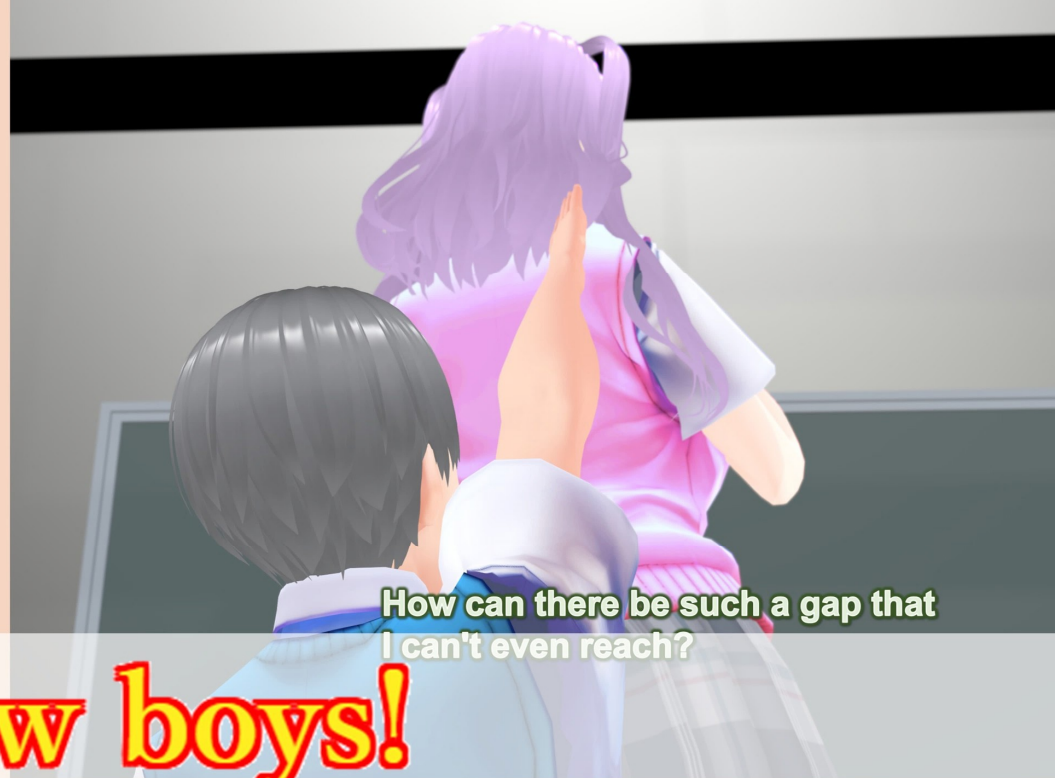

Why are you so tall!?

Haha... guess I'm  
in a big growth spurt.....

**Small girls outgrow boys!**

How can there be such a gap that  
I can't even reach?

**Girls grow after growth!**

I'll have to stand on  
the chair.

standing  
below the step,  
right?

Even standing  
on the chair,  
I'm still shorter!

This is a story for tall women,  
breast expansion, and real GTS lovers!
