Sex Diary of Fiery Warrior

**Rengoku's Sex Battle
VS
Demon Slayer Corps**

Not only does this sexually-driven swordsman enjoy penises of his comrades, but Rengoku also indulges in his carnal desires with his outlandish sexual proclivities, turning the Demon Slayer Corps into hole brothers. This is the diary of a nymphomaniac.

Kyoujurou Rengoku of the Demon Slayer Corps is swordsman who is not only passionate about slaying demons, but also about sexual desires. At first glance, he may seem reluctant, but this man is masochistic, lustful man who also enjoys bondage play, where he is tied up by partner.

Tonight, he enjoys an extreme affair, with his body tightly bound by rope.

Rengoku! Nice view.

You're a brave Demon Slayer, naked and tied up with rope, with your cock erect, and showing me your pathetic face.

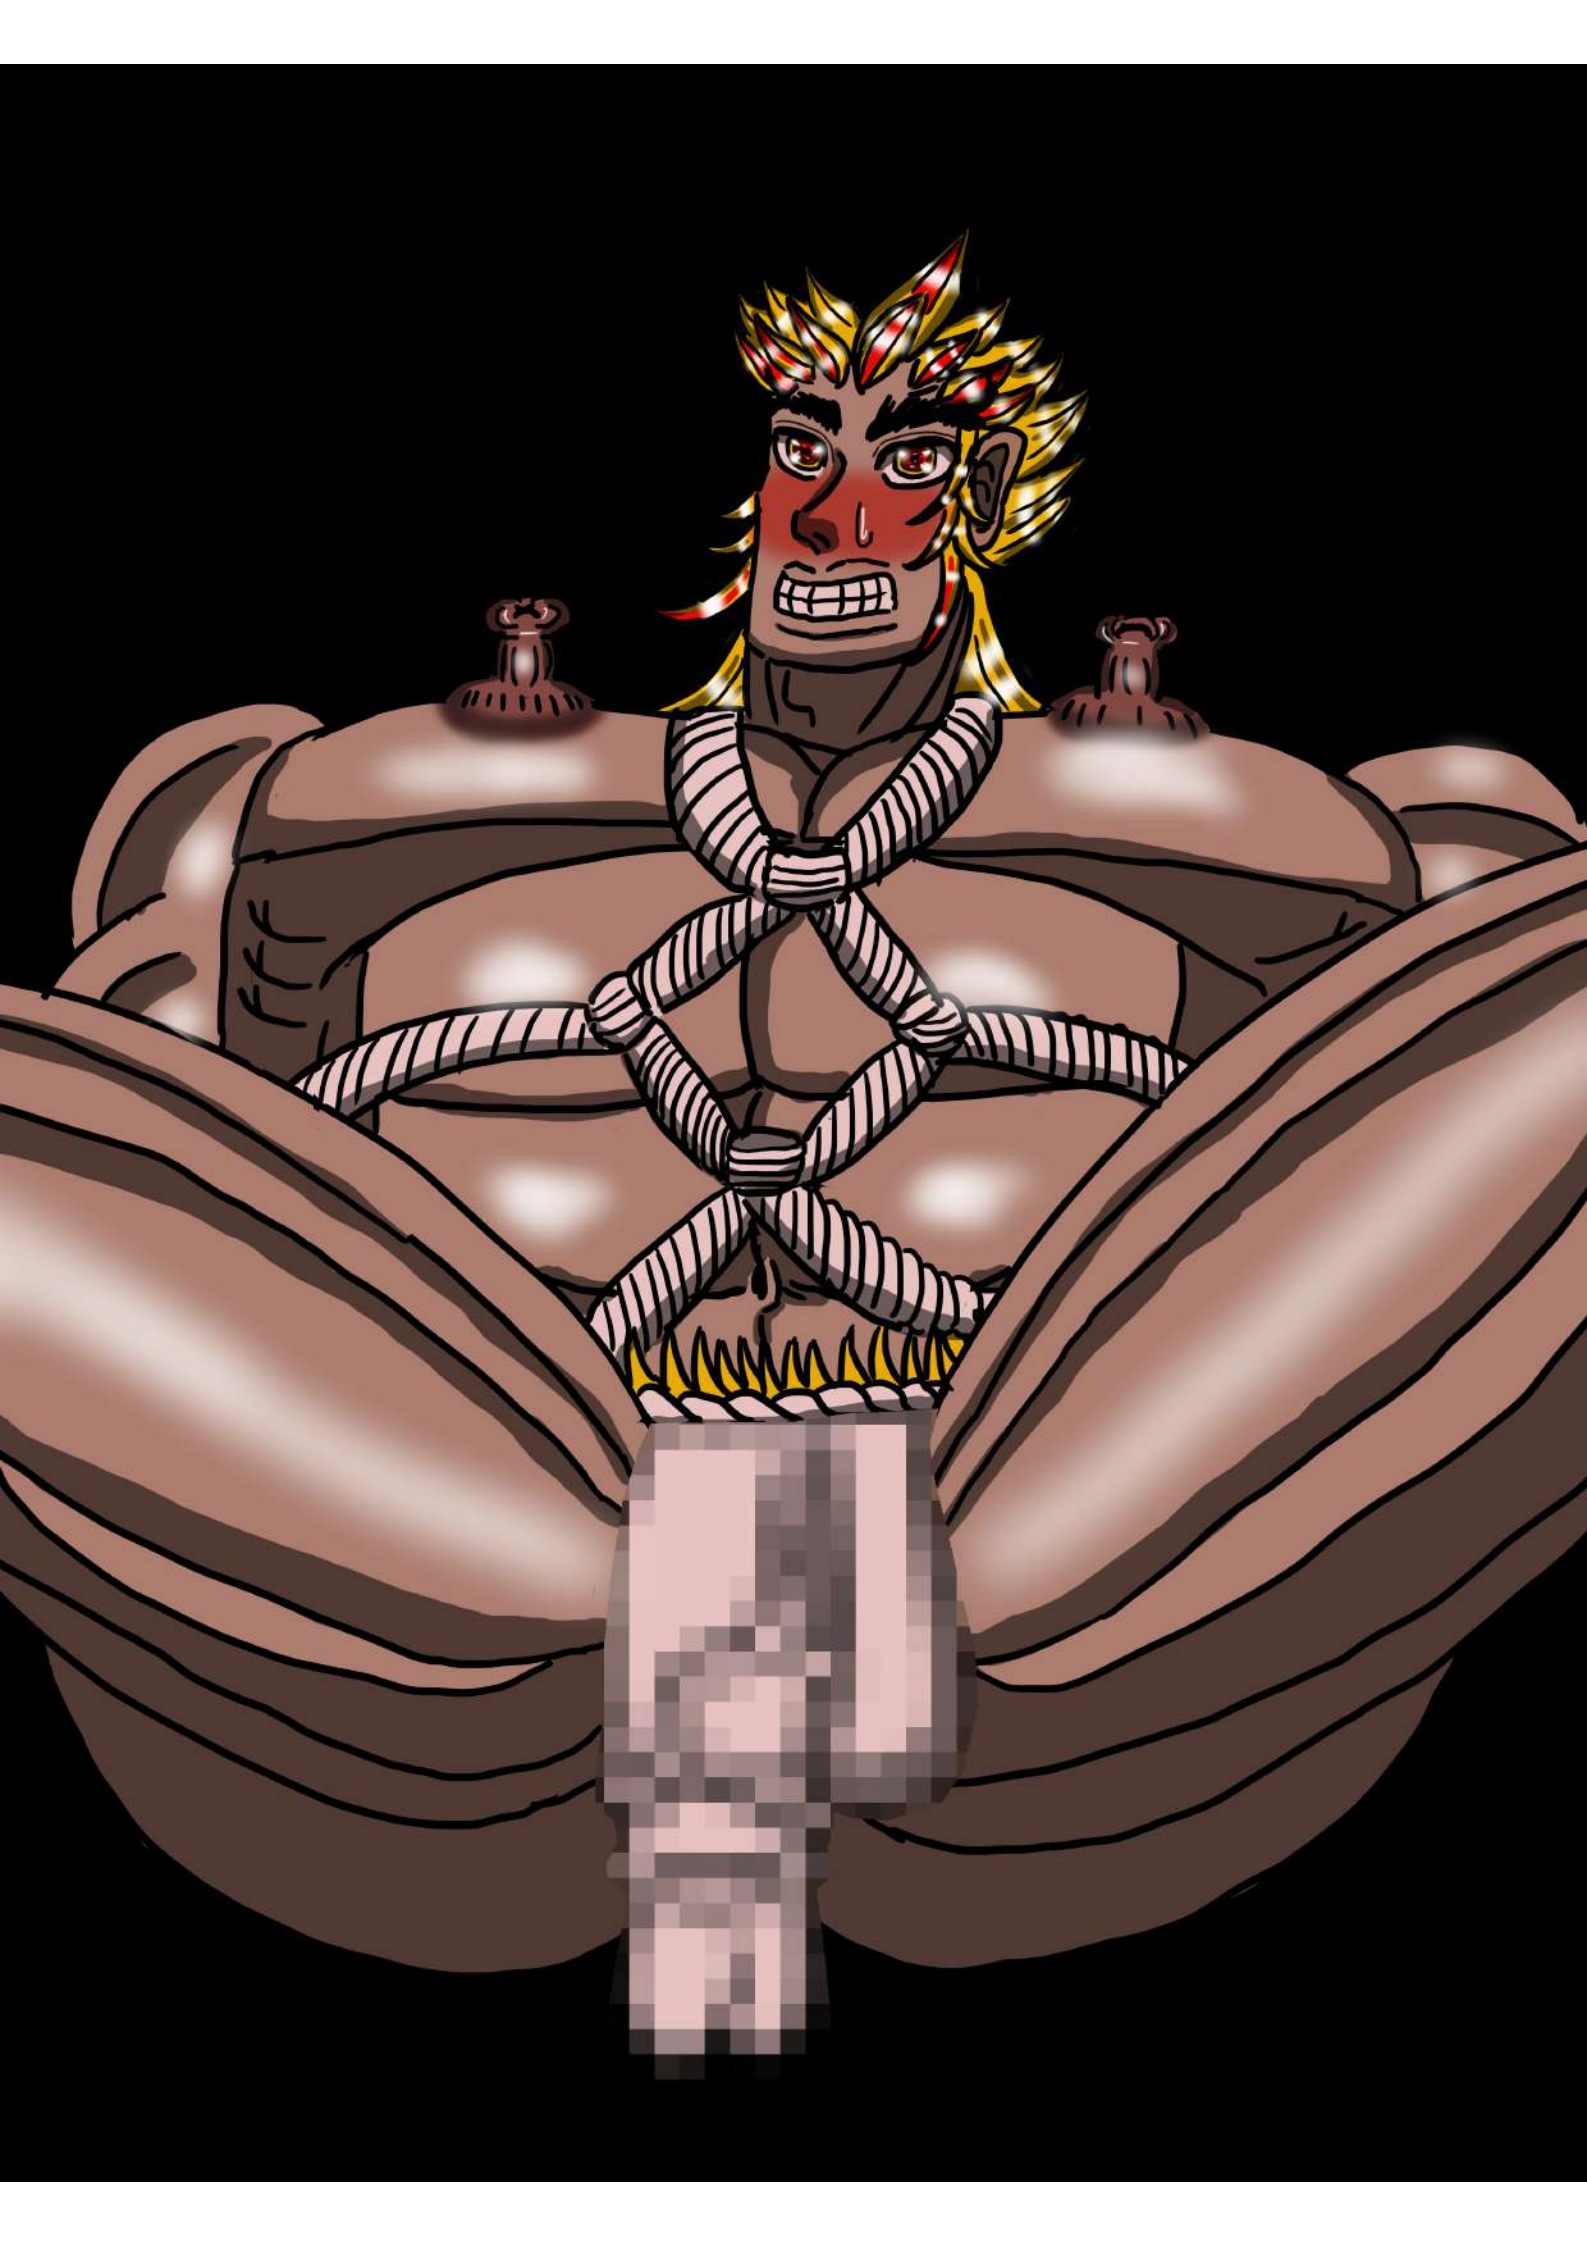

It's so stupid it makes me laugh!

I'll make you cum over and over again with my sexual techniques and make you addicted to my pleasure!

I'M
COMING!

Look forward to
cruising your asshole
until it's loose tonight!
You're my fourth wife!

My name is Kyojuro Rengoku, and I'm the Flame Pillar of the Demon Slayer Corps. I'm looking for a partner (men only, of course!).

When I think back to all the times we've trained together as Demon Slayers in the past, my penis starts throbbing.

So, I'm going to write down all men I've cruised and had fun with so far, as they come to mind.

There have been quite a few swordsmen who have trained with me in the past
But it's been a while..

Because I'm currently focused on a different type of training!

I get excited thinking about the men I've crossed swords with in the past

So I'll write down any men I can think of who I've trained with so far!

First up are three cute swordsmen I met on the train
Tanjiro, Zenitsu, and Inosuke!
