# Start Screen

【GAME START】 You can start the game.

【SAVE DATA RESET】 You can reset the save data.

【OPTION】 Open the settings screen.

【EXIT】 You can exit the game.

# Prologue: About the Agency Name

You can choose any name you like for your agency.

The name you set will be displayed on the 【Agency】 screen.

Note: Once set, the name cannot be changed during play. (You can change it by resetting the save data.)

# Prologue Screen

Left-click to advance the story text.

【AUTO】 You can advance the text automatically.

# Agency (Menu Screen)

【Settings (top-right, gear icon)】  
Opens the settings menu.

【STATUS】 You can check the heroine's profile and her current status.

【CLOSET】 You can change the girl's outfit. More outfits will be unlocked depending on your progress.  
  
Also, the situation will change depending on the outfit you choose!

【ALBUM】 You can view the story and illustrations.

【START】 When you feel like doing a photo shoot, head to the studio from here!  
  
The photo shoot will start with the outfit you changed into.

At the agency, the heroine's lines and expressions are displayed.  
When changing outfits or after a photo shoot, her lines will change—be sure to pay attention♪

# How to Play

Touch the girl to display commands and enjoy whatever play you like!  
If time runs out, or if the heroine's discomfort reaches MAX, the play will end forcibly.  
If you make the girl climax, the results may change...?

# Studio Screen

## 【Battery】

Displays the remaining time for the photo shoot.  
Enjoy various kinds of play within the time limit!

【Yellow Heart】 A gauge showing the girl's arousal level.

【Pink Heart】 A gauge showing the girl's pleasure level.

【Black Heart】 A gauge showing the girl's discomfort level.

Each gauge may become easier or harder to increase each time you do a photo shoot, so shoot as many times as you like!

From left to right...

## 【End Shoot】

You can end the photo shoot.

## 【Pause】

Pauses the game.  
All gauges, animations, etc. will stop.  
To resume, click the button again.

## 【Hide UI】

Hides the UI so you can enjoy the illustration.  
To show it again, right-click.

## 【Settings】

Opens the settings menu.

## 【Droplet Icon】 Ejaculation gauge.

When this gauge fills up, you can ejaculate.

## 【IN・OUT】 Available when the ejaculation gauge is full.

IN: "in the mouth" or "creampie"

OUT: "facial" or "bukake"

# About the Touch Commands

Left-click on the girl's body to display commands based on the part you clicked.

When you select a command, an animation will play and the various gauges will change.  
Also, by removing her clothes, more commands will become available,  
so be sure to try out lots of different commands!

# Results Screen

The results screen will change depending on what you did in the studio.  
Whether it ends up as an “Image Video” or an “Adult Video” is up to you!

【Back】 Click to return to the Agency screen.
