Santa

Hey, hey,
what's that huge present?

You're getting dragged
by the box.

It's fine, this much...
ugh, it's heavy.....

Don't overdo it.

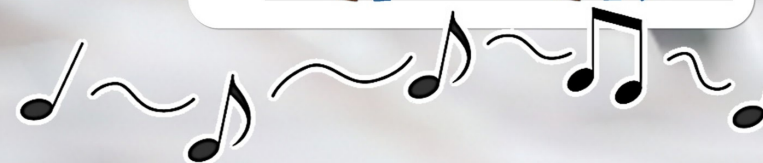

Amazing,
You're lifting it
so easily.

%

**You're only 140 cm, right? I'm 160 cm.
This 20 cm difference is the gap
between men and women.
A little Santa like you just needs to
follow behind me.**

**What's with that,
looking down on me.**

Huh?
I hear a strange sound.

**My body feels hot...
like energy is building up**

Did you get a fever from carrying stuff you're not used to?
See, even if you stretch you can't reach my shoulder,
so behave and let me protect you.

Ugh...

Day 1 140^{4'7"} cm

3 days later

Hey, don't push yourself.
That's the one you struggled
to carry last time.

Heave-ho.

Huh? What, it's light?

I'm surprised myself...
Three days ago it wouldn't budge,
but now it feels almost empty.

Haven't you gotten bigger?
Three days ago your head was around
my chest, but now it's past my chin,
up to my nose.

A close-up illustration of two anime-style girls. The girl on the left has short, dark brown hair and is wearing a red garment with a white collar. She has a surprised expression with wide eyes and an open mouth. The girl on the right has long, straight pink hair and purple eyes. She is looking up at the first girl with a similar surprised expression. The background is dark and out of focus.

**No way... you're right,
our eye levels are really close!
Around 150 cm!?**

10cm...? There's no way you'd grow that much in three days.
Well, I'm still 10 cm taller,
and your strength is probably just a trick you picked up.

A trick... maybe.
But every time my heart beats,
I feel new power welling up from inside.

Day 3
140^{4'7"}cm → 150^{4'11"}cm

6 days later

Brr... it's cold...

**That's because of
how you're dressed.**

What's wrong?

No.....

Even though you're crouching,
it feels like our eye level hasn't changed much...

Your knees feel really high.

You're strange.

ハッ
= / へ

**Just stay curled up like that!
Don't stand up straight,
no matter what!**

Day 6
150cm^{4'11"}→160cm^{5'3"}

12 days later

It's cold again today.

Ah!

Wait!
Don't stretch your legs any further!

Why?

Even if I stand—

フフフ

There's no problem—

フム

Wait, huh?

ドゥン!

**I'm about 10 cm
taller than you!**

Girls grow in height, style and ability!

But boys stay the same!

I'm about 10 cm
taller than you!

Small girls outgrow boys!

Girls grow after growth!

My face is right in your chest!

Sorry♡
I might have become
stronger than you
with just one finger.

**This is a story for tall women,
breast expansion, and real GTS lovers!**

**With this much difference,
we can't even talk properly.**
