Girls Growing,

Overtaking Boys

Sleeping Sister

You're here again?

Big Brother!

スッ

Don't make such a racket.

Here we go!

わさ-ん

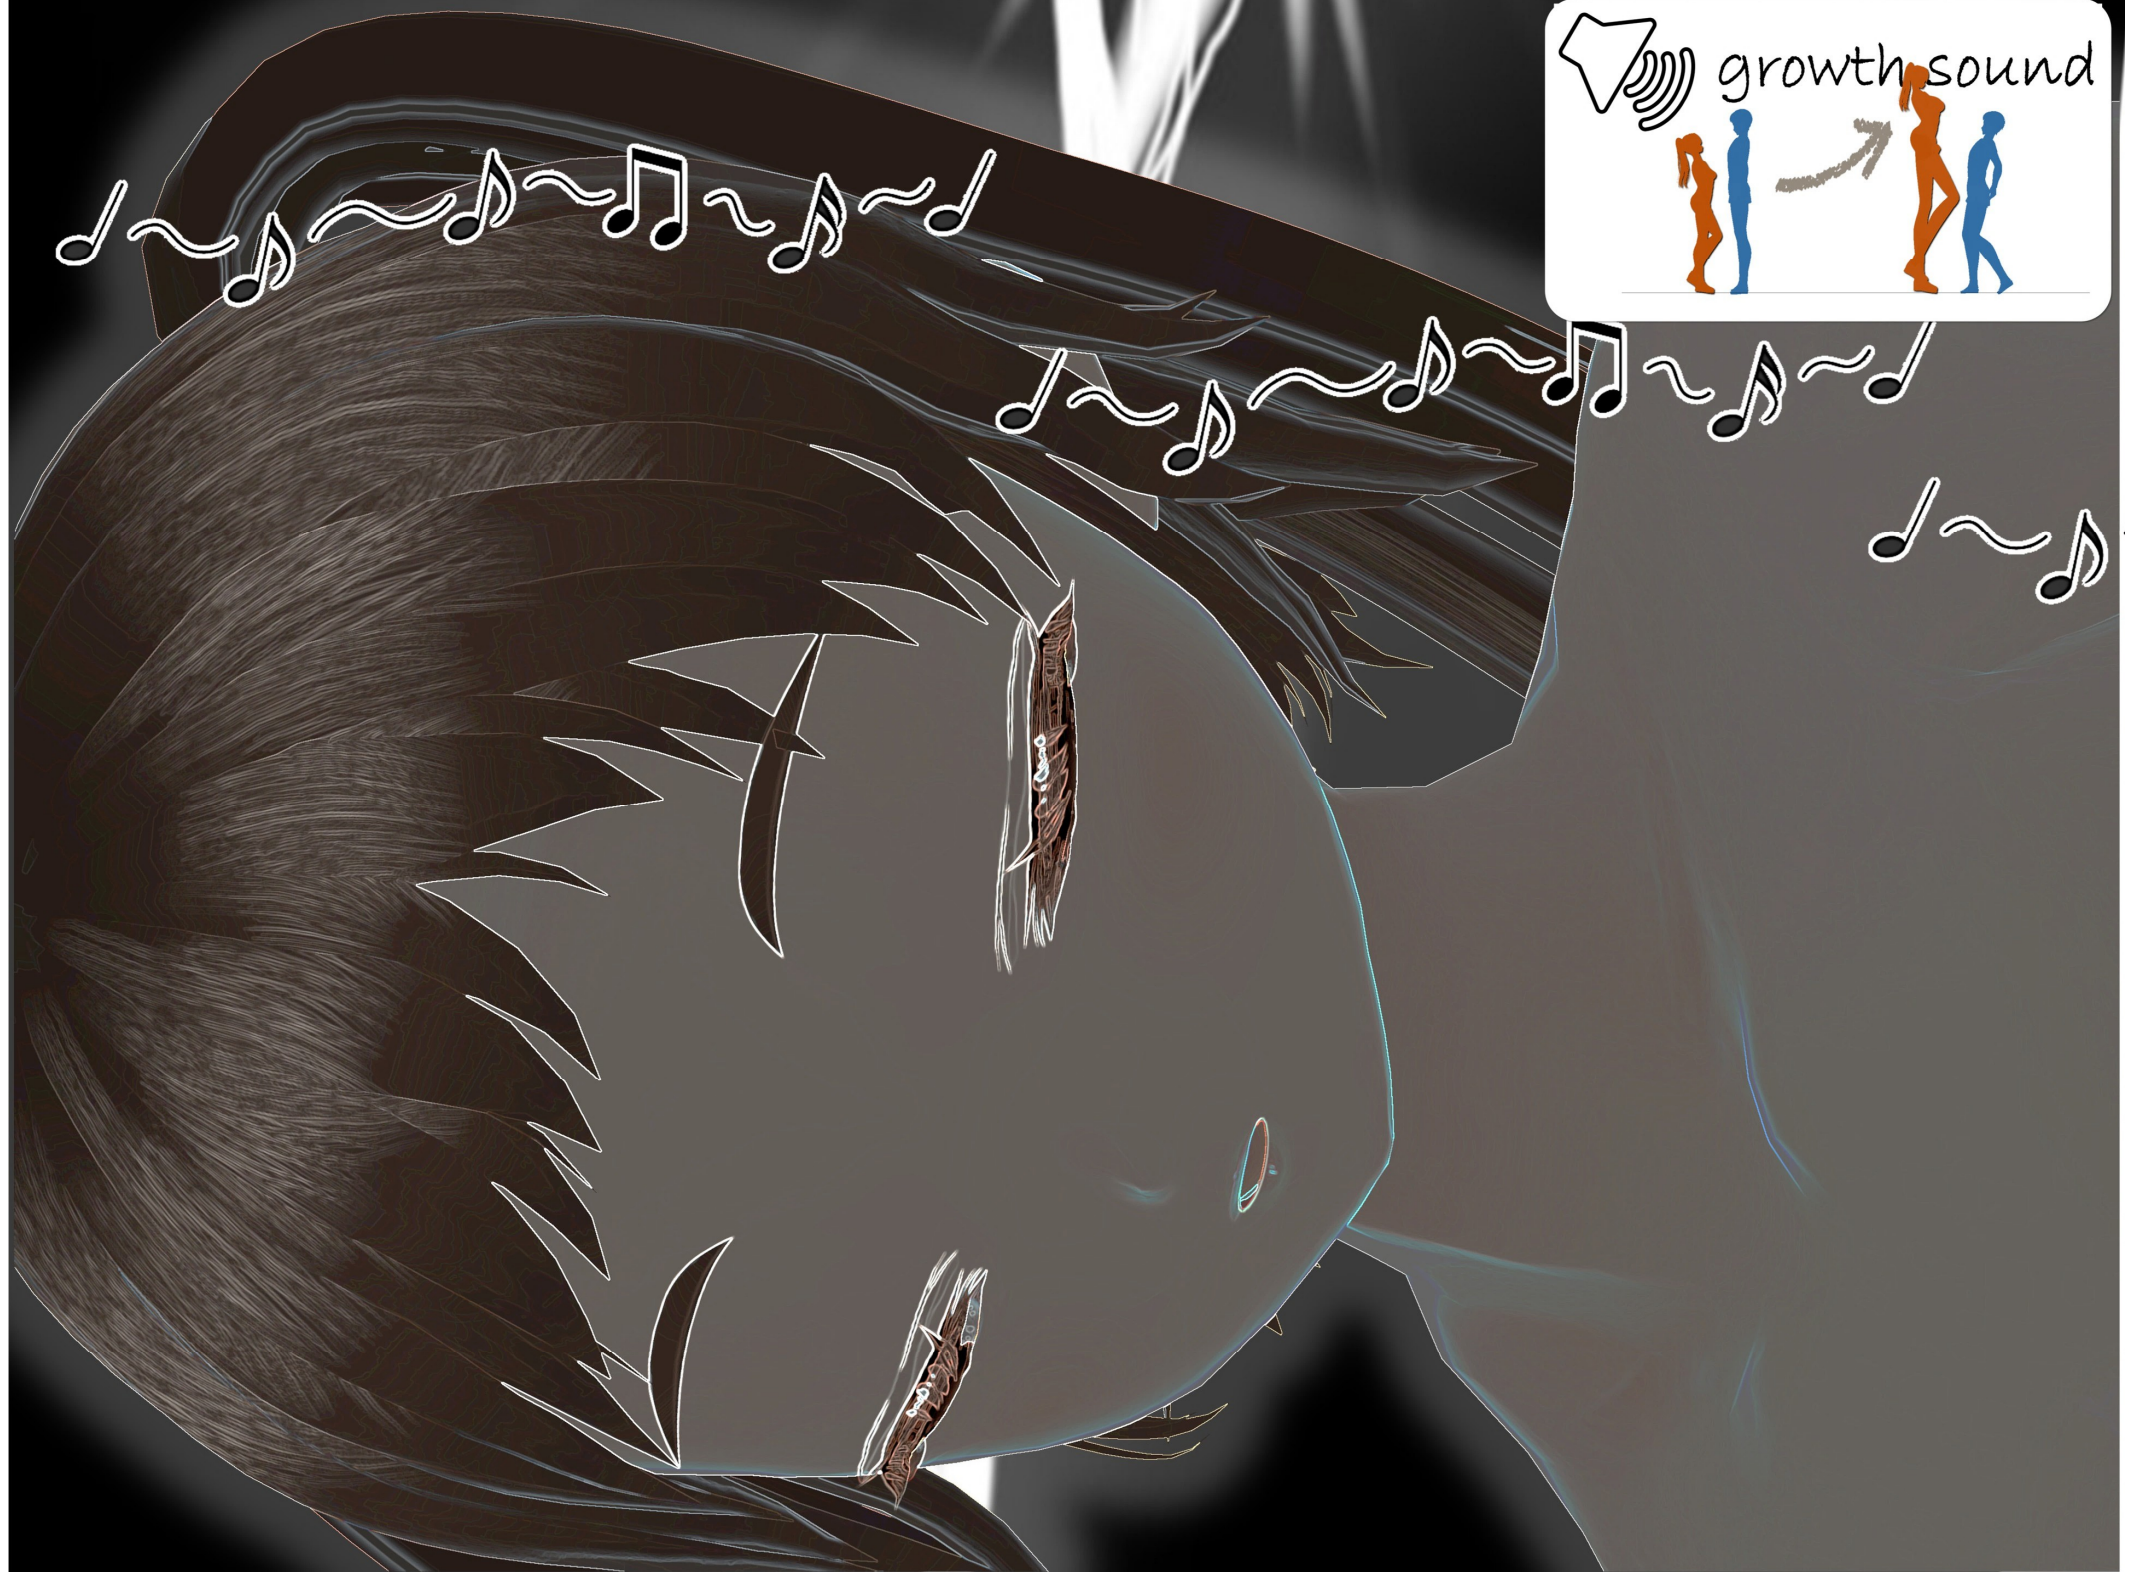

Don't fall asleep, or I'll end up carrying you again.

I'm fine!

I keep hearing that strange sound... Zzz...

Mmm... My body feels so warm...

You ended up falling asleep after all.

Honestly...

**Just sleep in your bed
from the start.**

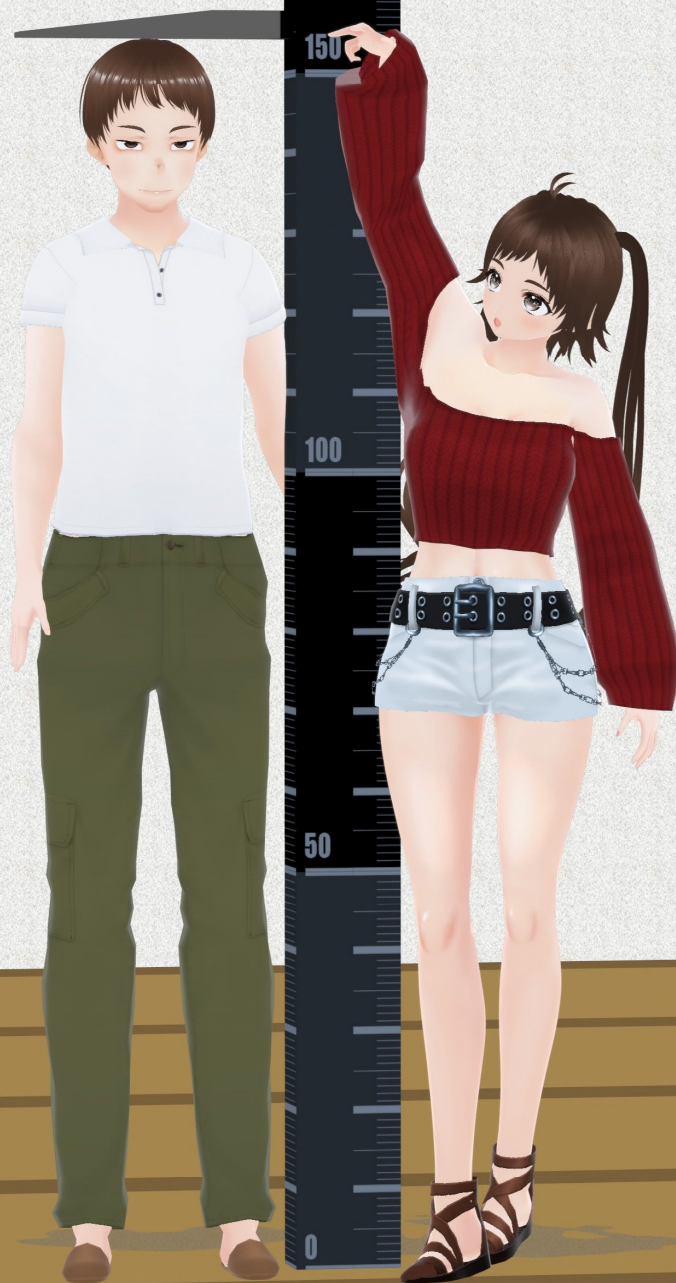

Once you fall asleep,
you never wake up.

Day 1

Mmm... My body feels so warm...

Ahh...

A 3D-rendered anime-style illustration of a young woman with long brown hair lying in bed, looking up at a bedside lamp. The scene is set in a bedroom with a blue blanket, a red blanket, and a yellow bedside table. A lamp with a blue base and a dark shade sits on the table. The background shows a dark wall and a window with vertical blinds.

Lately, my body feels really warm.

**It feels like some mysterious energy is
building up inside me.**

Are you okay?

Mmm... It feels strange.

But I'm okay. I actually feel full of energy.

You're asleep again?

Here we go... Huh?

Your legs are getting harder to carry.

Phew...

**Were your breasts
always this big?**

Day 6
150cm^{4'11"} → 160cm^{5'3"}

An orange silhouette of a girl and a blue silhouette of a boy are shown in the bottom right corner, walking towards the right. The girl is taller than the boy.

12 days later

I ended up falling asleep too.

My sister's knees are higher than I am.

Aren't her feet bigger than mine now?

Girls grow in height, style and ability!

But boys stay the same!

Lately, my body
feels really warm.

See? Mine are longer now.

Small girls outgrow boys!

Girls grow after growth!

(Her chest has gotten bigger than before, too...)

I have no choice but to drag her.

This is a story for tall women,
breast expansion, and real GTS lovers!
