

Touhou Book 1

Touhou characters illustrated by Shinji Kobayashi

KS.ARTWORKS

I hope you enjoy this fan-artbook, i've put all my taste and heart on it.
Touhou it's something magic, i love it, you can imagine or create a lot of things about it, you have a lot of artistic directions to go to.
In this book you can see ilusts with an underwear themed concept, and some naked/soft ecchi drawings too.
This is only the Book 1, if you liked it, soon i will release the book 2 with the rest of the characters in the same way i did with this artbook.
I would like to create some doujins in the future!!!
