

Outgrowing only **girls**,
Overtake **boys**,

Classmate

"Growth sound" only affects girls, not boys, and has been developed in top secrecy.

The sound is played discreetly over the school's public address system.

**Listen to me!
The other day, I measured my height
and it had increased!
I'm 165cm now.**

**Seriously? That's awesome!
I'm about 161cm now.**

**The boys are comparing heights again.
Don't they ever get tired of it?**

**Seriously, right?
And they just keep bragging
about being tall.**

I'm not even 140cm,
it's embarrassing.

**You're not even 140cm?
You're more than 20cm
shorter than me.**

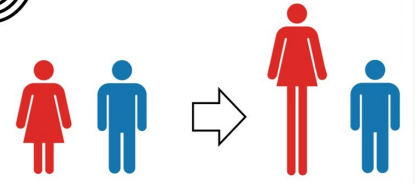

**Stop comparing
already!**

Haha! Your feet don't even reach the ground!

Sorry for having short legs!

 growth sound

Huh?
Can you hear something?

True, there's a strange noise.

 growth sound

Me too.....

I feel kind of strange...

5.0ft 170cm

5.3ft 160cm

4.9ft 150cm

4.6ft 140cm

3 days later

**If I stretch my arm like this...
Girls are below this level.**

Haha, that's funny.

H-Hey

What?

H-Hey

Weren't they supposed to be below the arm?

Huh? That's strange.....

Good morning!

Oh, good morning!

Huh?
Did you grow taller?

Huh? I wonder...

I'm 140cm, but I seem about 1cm taller.

So, maybe around 141cm?

(Is 141cm really true?)

5.0ft 170cm

5.3ft 160cm

5.9ft 150cm

5.6ft 140cm

Day 3

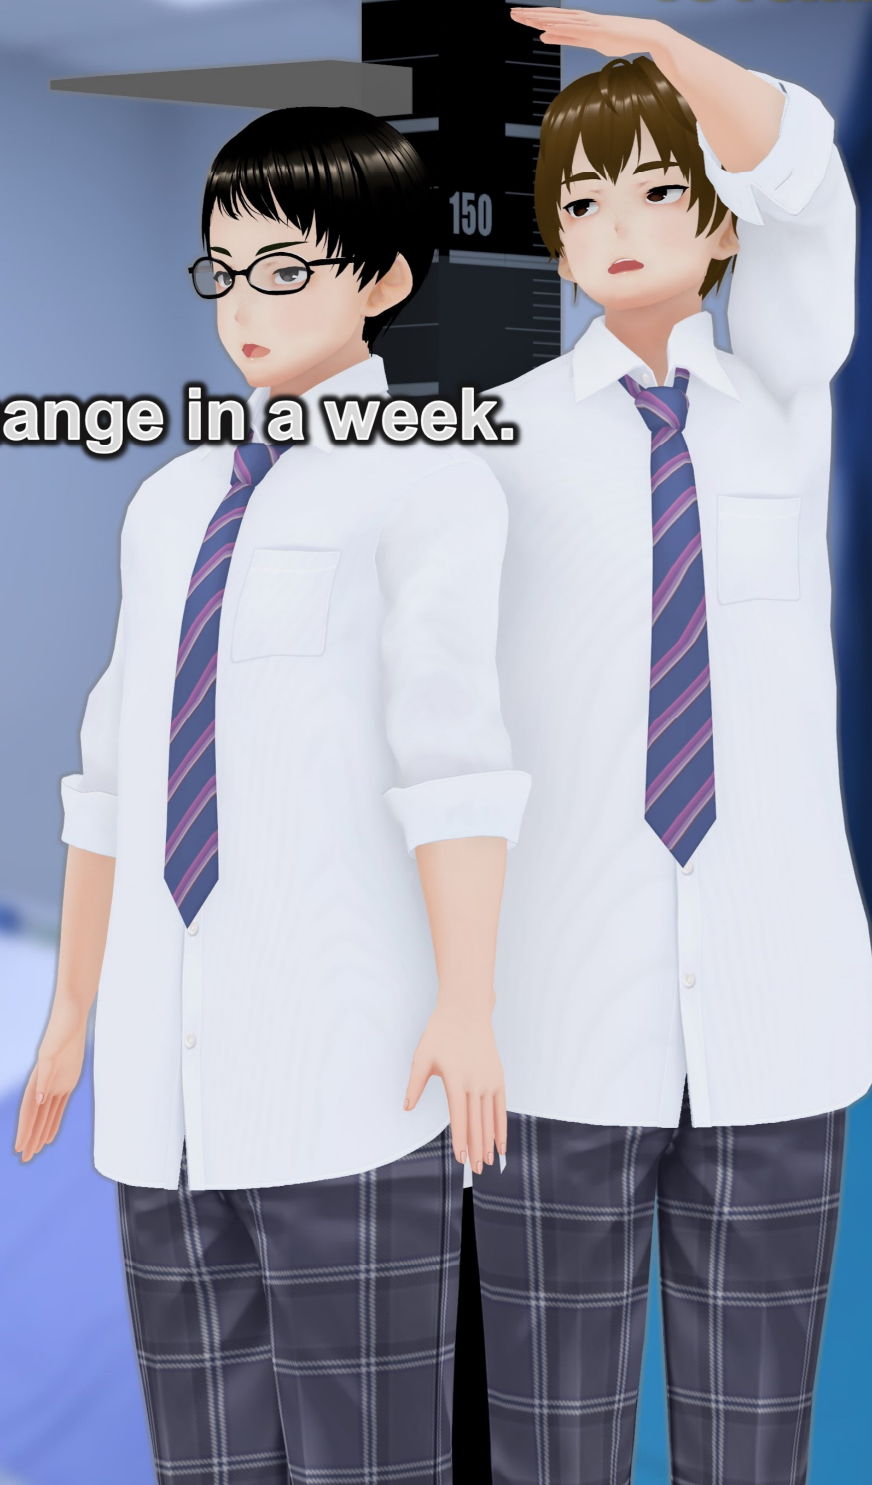

6 days later

Recently, my feet started reaching the ground.

161cm...you hasn't grown.

Well,
it doesn't change in a week.

**They said girls were 141cm, right?
and 141cm is here.**

**They looked bigger...
Was it just my imagination?**

Huh? I felt shorter last time...
But now it doesn't seem that way.

So it was just my imagination?
So, maybe around 141cm?

**Wait a minute!
There's a height meter here,
and 141cm is here!**

**No way!
This is only about shoulder height.**

How is it?

**I'm 140cm before,
so grown about 20cm!**

Exactly 160cm.

What about me?

Around 163cm.

I grew that much...

You are taller than the boys!?

A close-up illustration of two anime-style girls in school uniforms. The girl on the left has short, vibrant pink hair with bangs and large, expressive purple eyes. She is wearing a white collared shirt and a large, dark purple and pink striped bow. The girl on the right has long, straight green hair and large, multi-colored eyes with shades of blue, green, and pink. She is wearing a white collared shirt and a large, dark green and blue striped bow. They are both looking towards each other with slight smiles. The background is a simple, light blue gradient.

Let's compare heights with the boys tomorrow.

That's nice!

5.6ft 170cm

5.3ft 160cm

4.9ft 150cm

4.6ft 140cm

Day 6

12 days later

Yesterday, when I measured my height, I was 160cm.

What?

You said you were 141cm.

Looks like I've grown...

No way.

It's true!

How tall are you?

161cm... hasn't grown.

I'm 160cm, just 1cm shorter, but almost the same.

Seriously...

What are you talking about?

It's about his height being 161cm.

My height is 163cm, so I am taller than you.

I'm about 165cm now.
It's normal for boys to be the tallest.

Yeah, you're the tallest.

You're 165cm!
That's nice.

next Day

I should be 1cm taller.

That should be right.
But you feel smaller.

How tall are you?

161cm... hasn't grown.

I'm 160cm, just 1cm shorter, but almost the same.

Seriously...

Girls grow in height, style and ability!

But boys stay the same!

Your hands are so small!
My pinky is longer than your
middle finger.

I can't reach...

What are you doing?

Even if you stretch,
you can't reach 2m. You're short.

Small girls outgrow boys!

Girls grow after growth!

Shoes!?!?
