**Infected girls are
all okay
with creampie treatment!**

Sexual arousal disorder - Infection type II .
Commonly known as "sa-type II".

Only for young women in their teens and twenties
This disease that develops is a

very contagious infection characterized by an abnormal
increase in libido.

This disease that seems
to be fine.

SEX.

Infected girls are
all okay
with creampie treatment!

sa-II type research leader
Dr. Yui

PERON♡

Even if she's not infected,
she's originally naughty...☆

There is a rumor that her plan has
led to the treatment of SEX..!!

And have sex.

inserted into the female vagina.

The male penis with the therapeutic agent is

In other words,

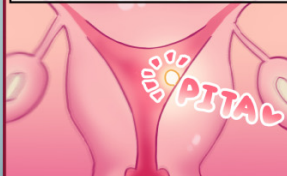

it is necessary to have sex and get pregnant to cure this infection ...

Unfortunately, in current medicine...

A mixture of fresh men's semen and therapeutics is delivered into the vagina.

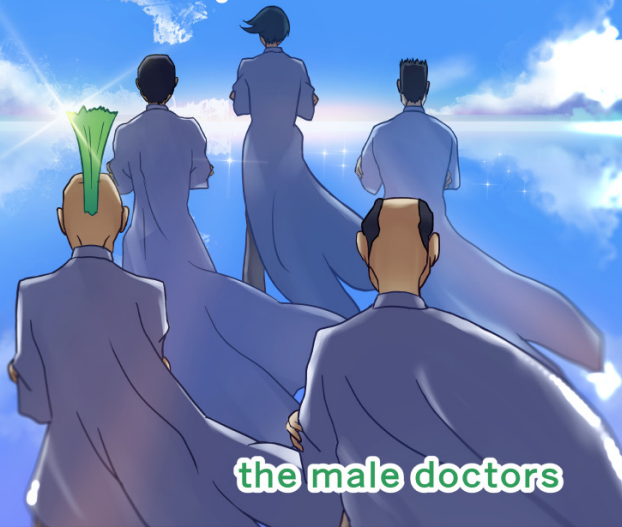

And the woman is completely cured

by implantation.

This is the only treatment————

To work here,

the male doctors

SA-II型 性的興奮異常症-感染II型 臨時対策科

In response to this crisis, hospitals in Japan will be temporarily set up sa-type II specialized countermeasures.

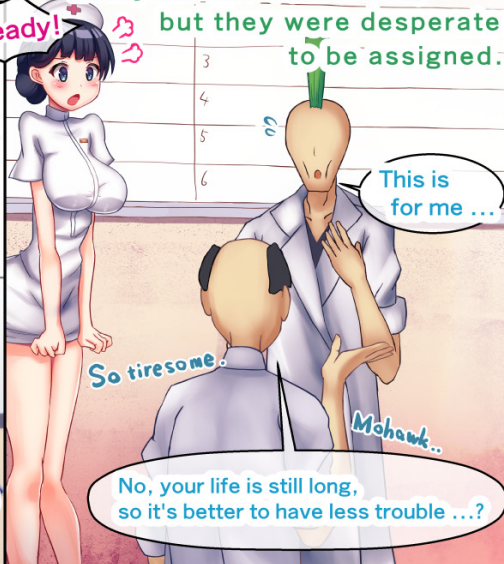

Do the

Sigh..
lottery!
being

Already!

Everyone had cool faces, but they were desperate to be assigned.

So tiresome.

Mohawk..

No, your life is still long, so it's better to have less trouble ...?

This is for me ...

tits..

tits..

win~

win~

Deviate eee

Damn it!
I missed

had to draw lots.

And the job to enjoy the nakedness of a whip whip girl is

clatter
clatter

Doctor,

please~~~♥

Yes, please~

tawawa~♥

waiting for me today.

Points of treatment

Dr. Yui's commentary~!!

Tettere~☆

Stage1 Is there anything wrong with your chest?

Massage well and check firmly!!

Lots of breast milk comes out♡

Stage2 Is the vagina normal?

OUT!!

The point is to look deep into the back!!

A lot of love juice♡

Stage3 Let's Sex Treatment♡

OUT!!

Continue SEX until you are already pregnant!!

The only way is it!!
