A mysterious group planning to rule the planet Earth.
They've been working behind the scene to capture people that
they think could ruin the plan, and now their eye turned to Katsumi Riko,
a seemingly normal housewife.

[That woman is our main target, your mission is to capture her.
I'll give you 4 days to complete this mission.
If you fail, you know your punishment, right?]

[Yes boss! I will complete the mission on time.]

DAY1

(I can do this, compared to yesterday's target this is nothing!)

(I will sneak in thru the front door and attack her before she can react!)

[Oh, do we have a guest?
Do you want to come in,
little man?]

[Eh?]
(this seems off,
I can sense that she's not just a normal person)

(She may look normal from the outside,
but if I look closely she is emitting a very powerful energy)

(could she be that

[GIGABOIN!!]

[Oh yeah, so you found out about my real identity...]
