Well, I'm just going to listen.
I guess it's just a way to pass the time.

Hello ♡ teacher.

Oh!?

Here's a quiz!
What has changed
about me?

Ahh!?

**You're... taller,
aren't you?**

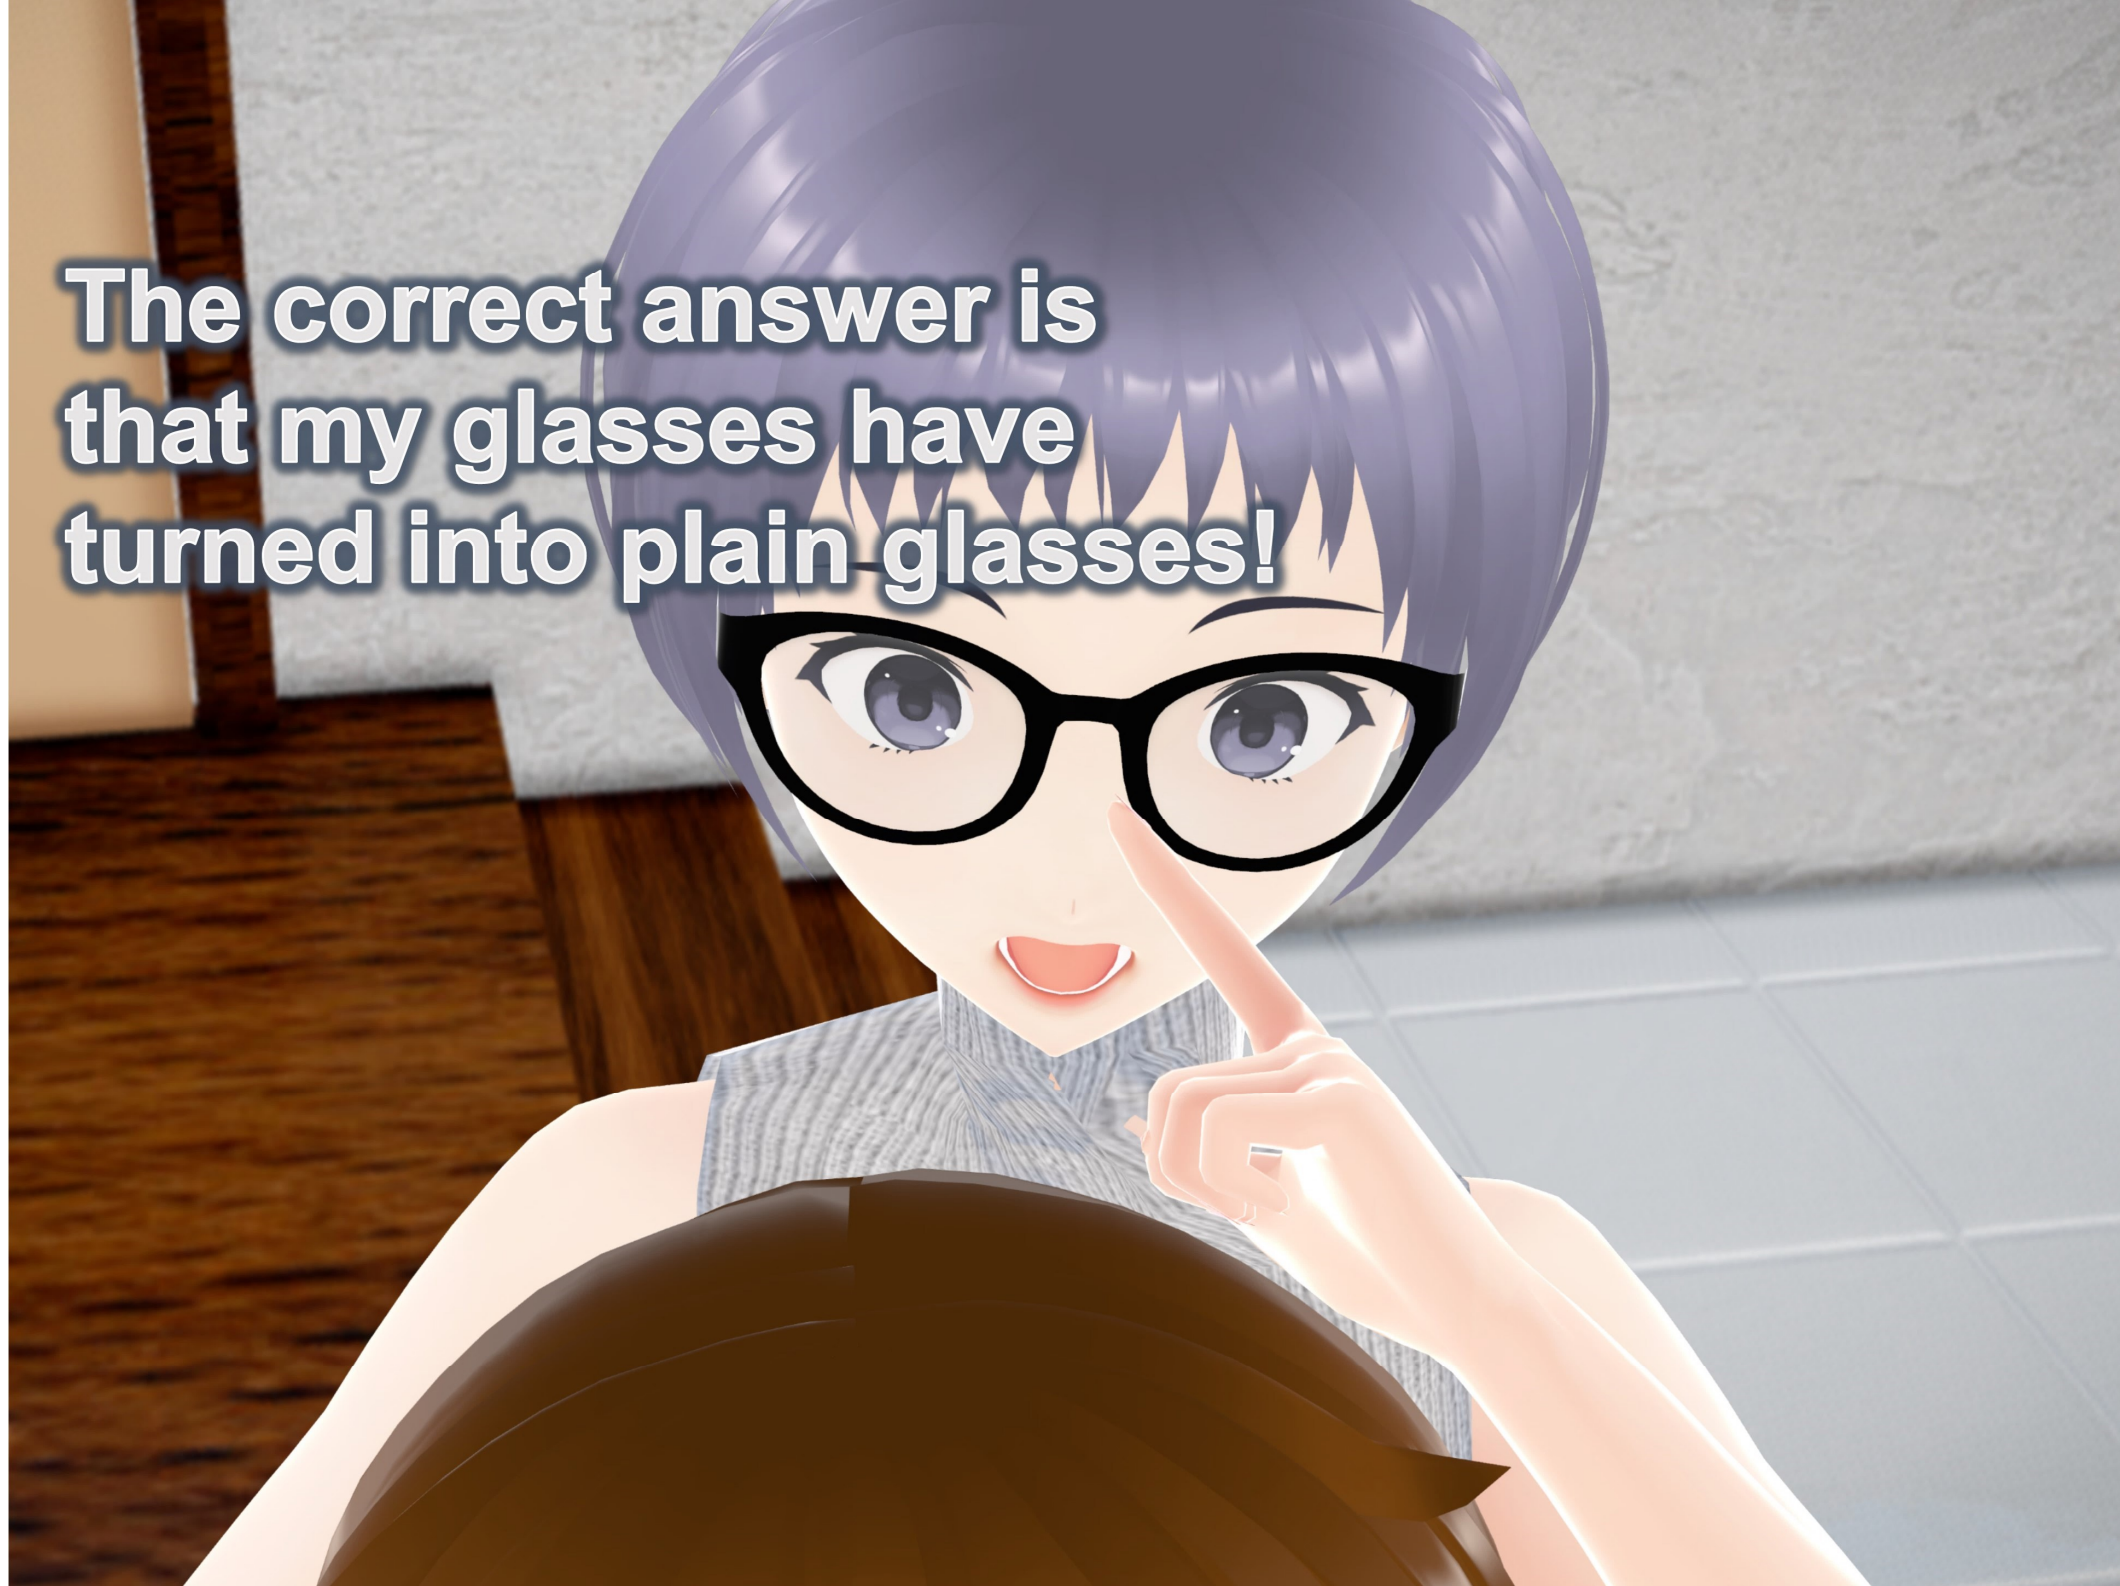

**Yes, indeed.
Maybe even taller
than you.**

**But alas!
The answer is not height.**

**The correct answer is
that my glasses have
turned into plain glasses!**

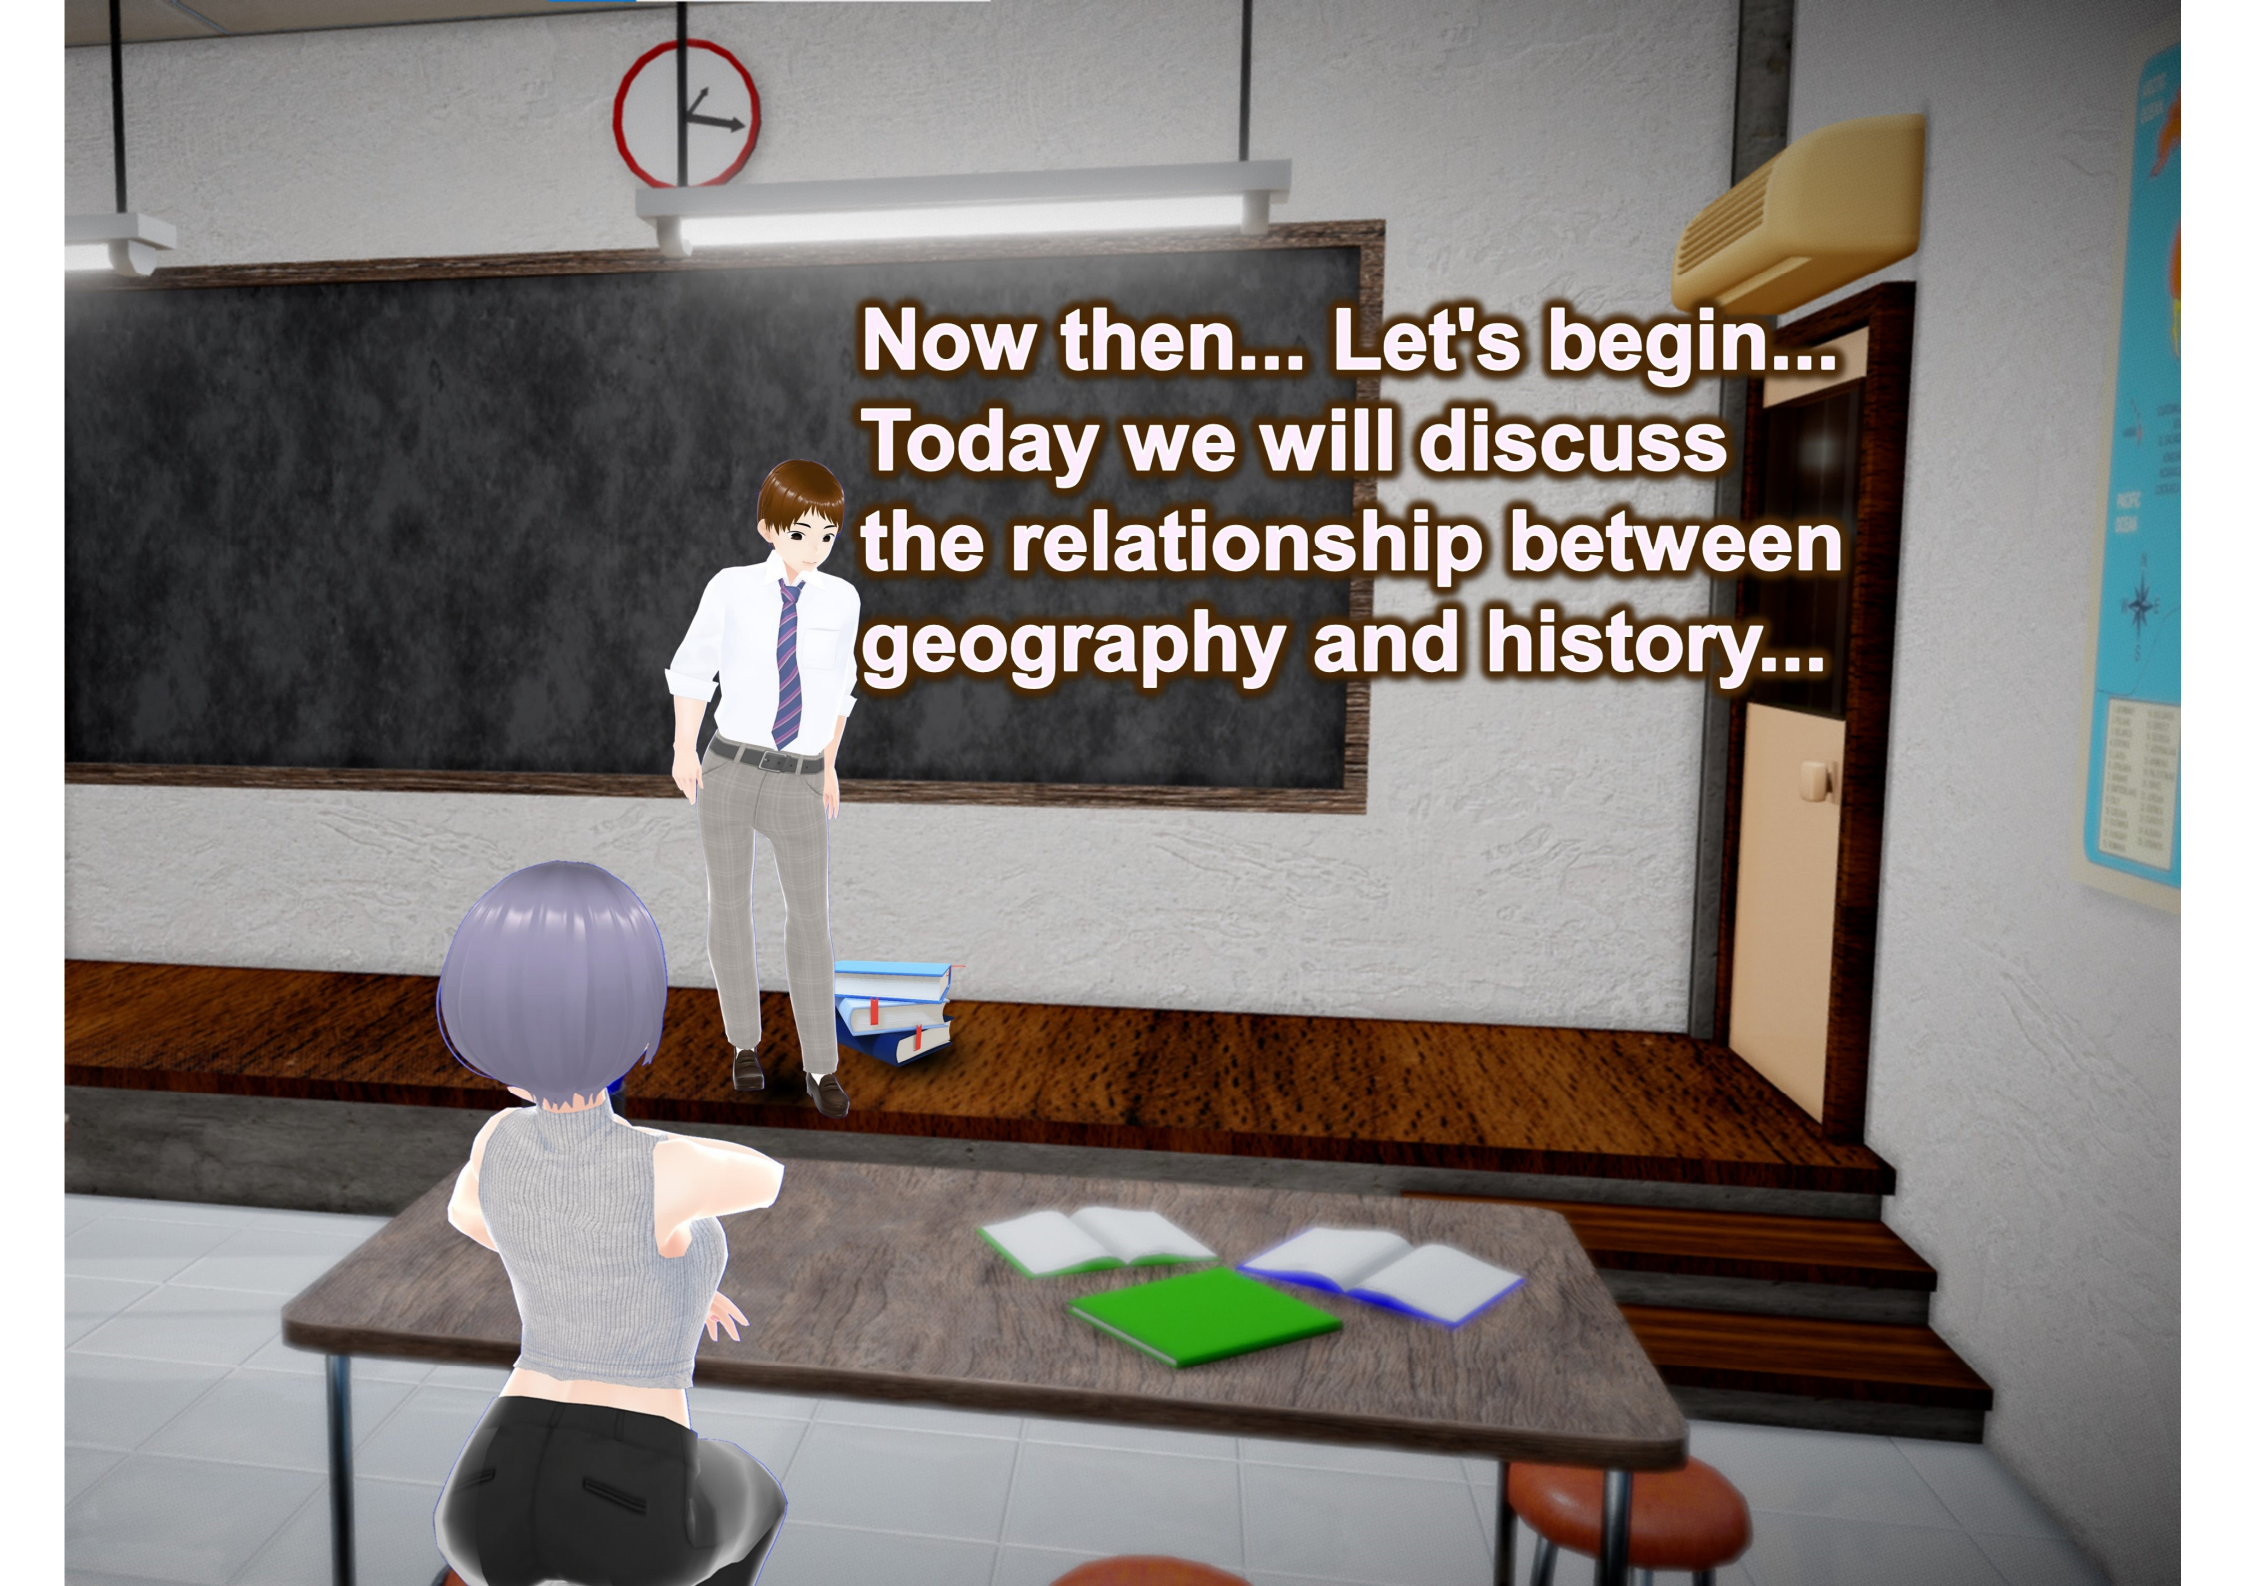

**My eyesight has improved.
Strange things happen, don't they?**

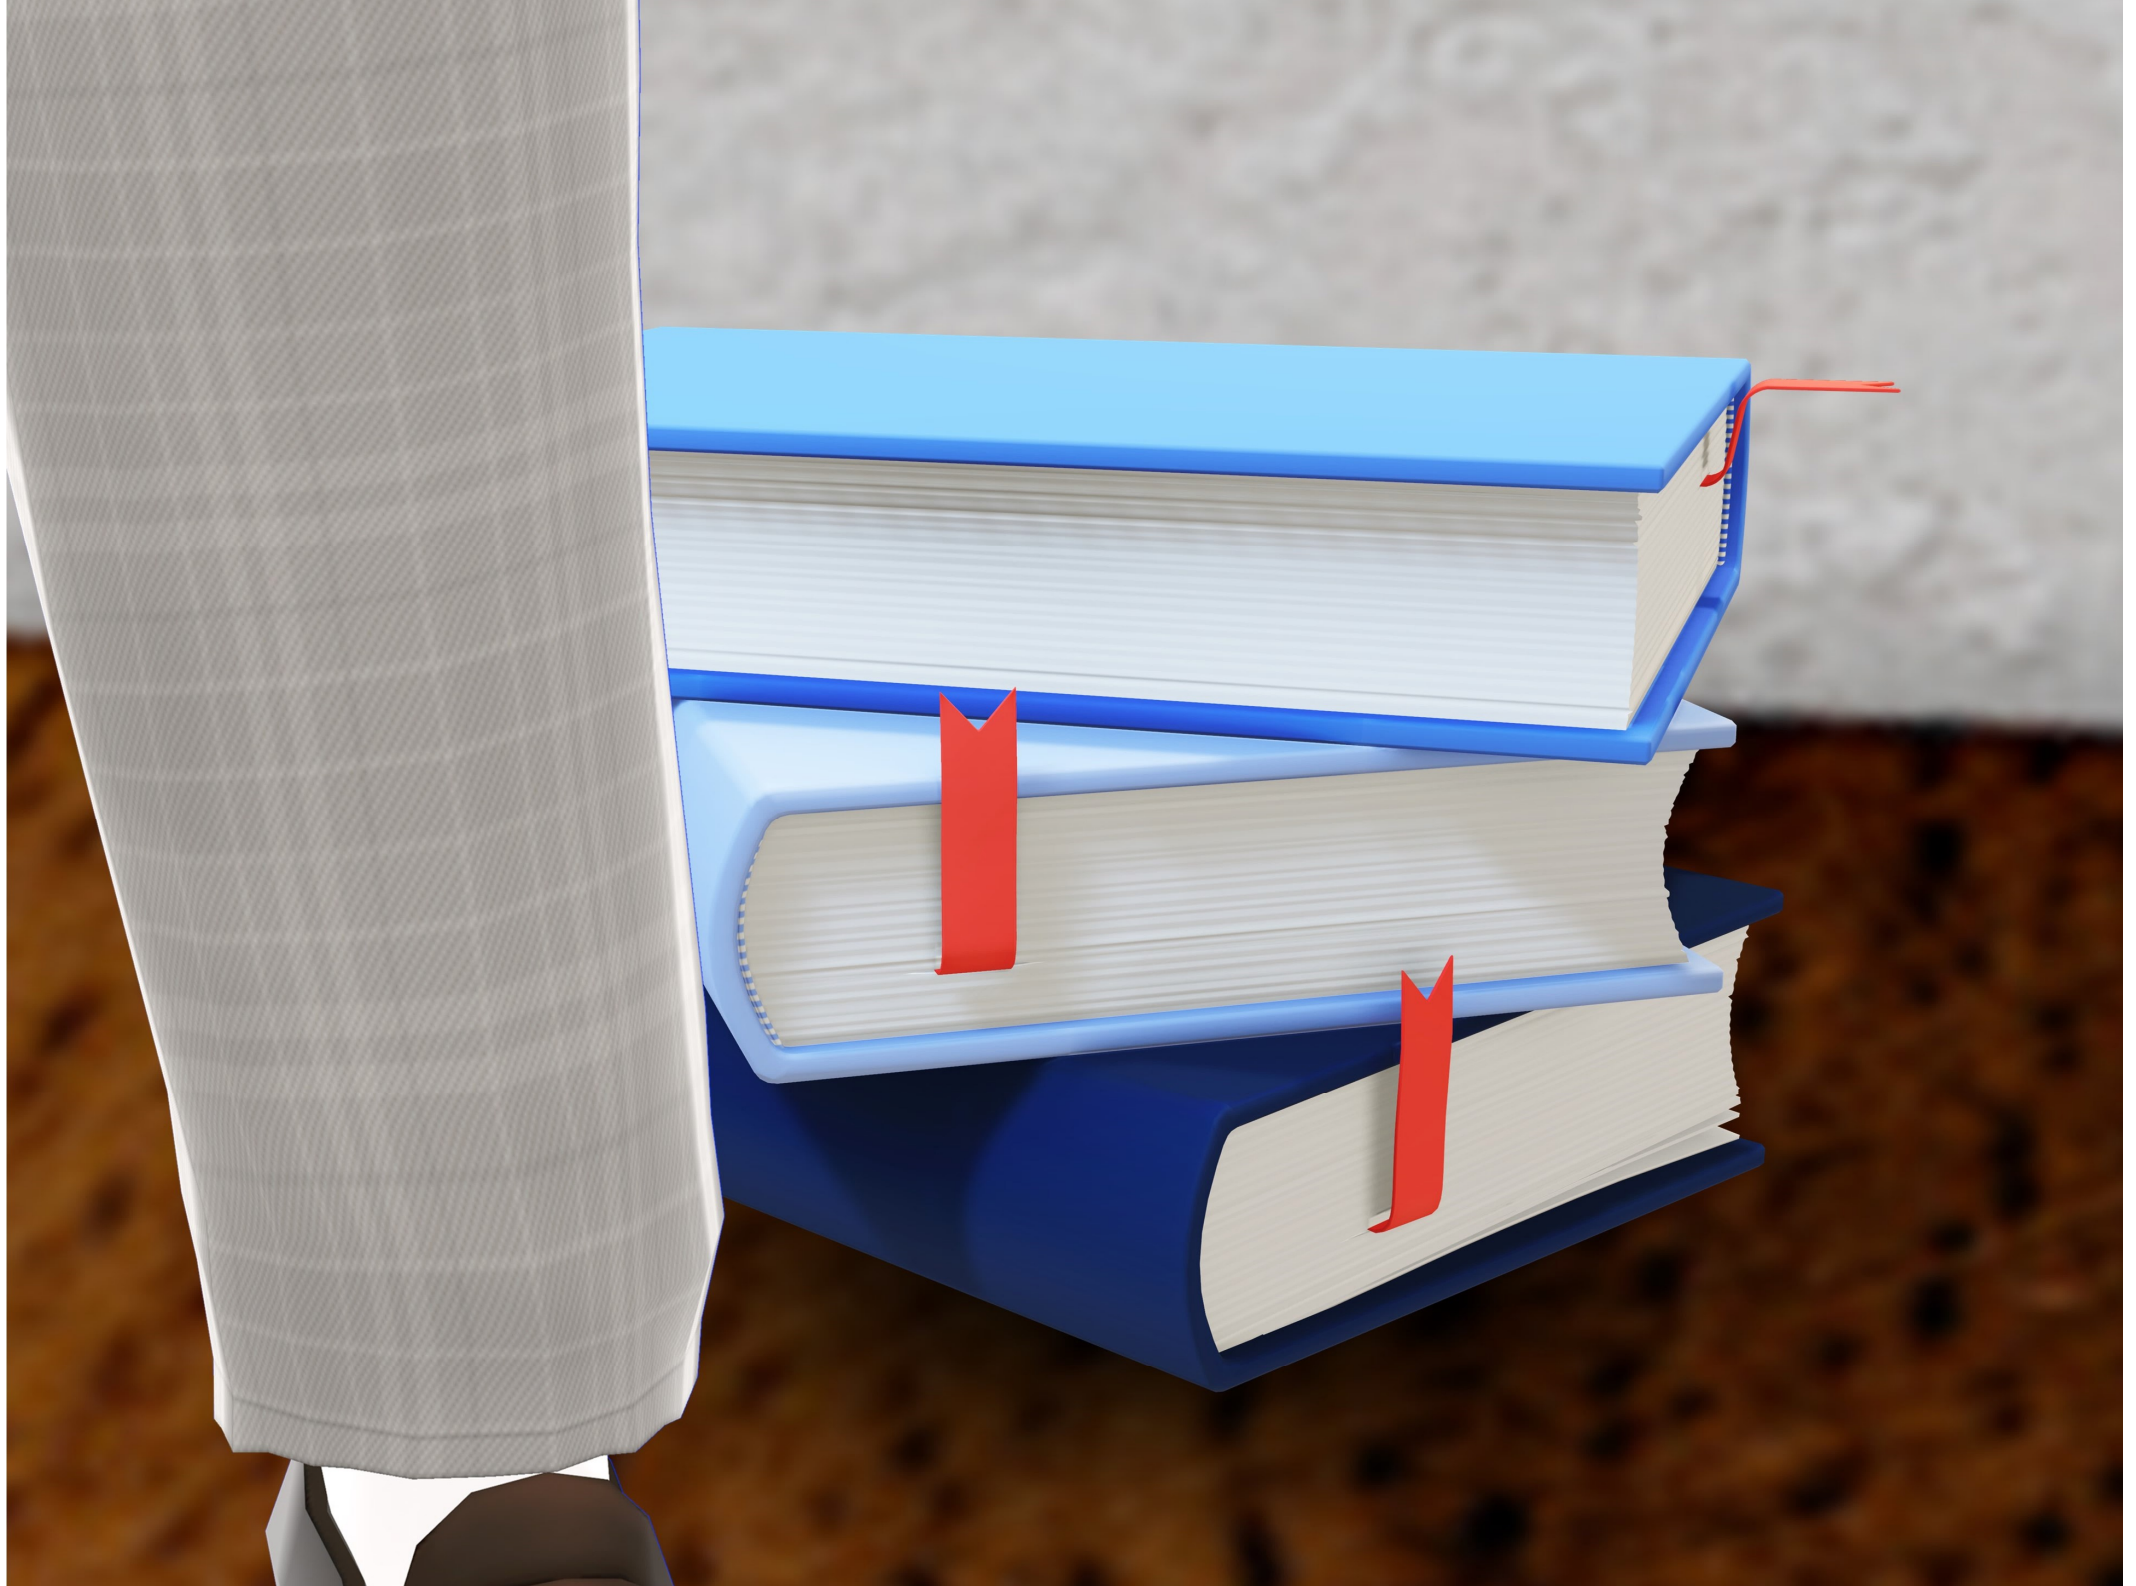

Since you answered incorrectly,
I will ask you to keep today's
lecture short as punishment,

Oh...

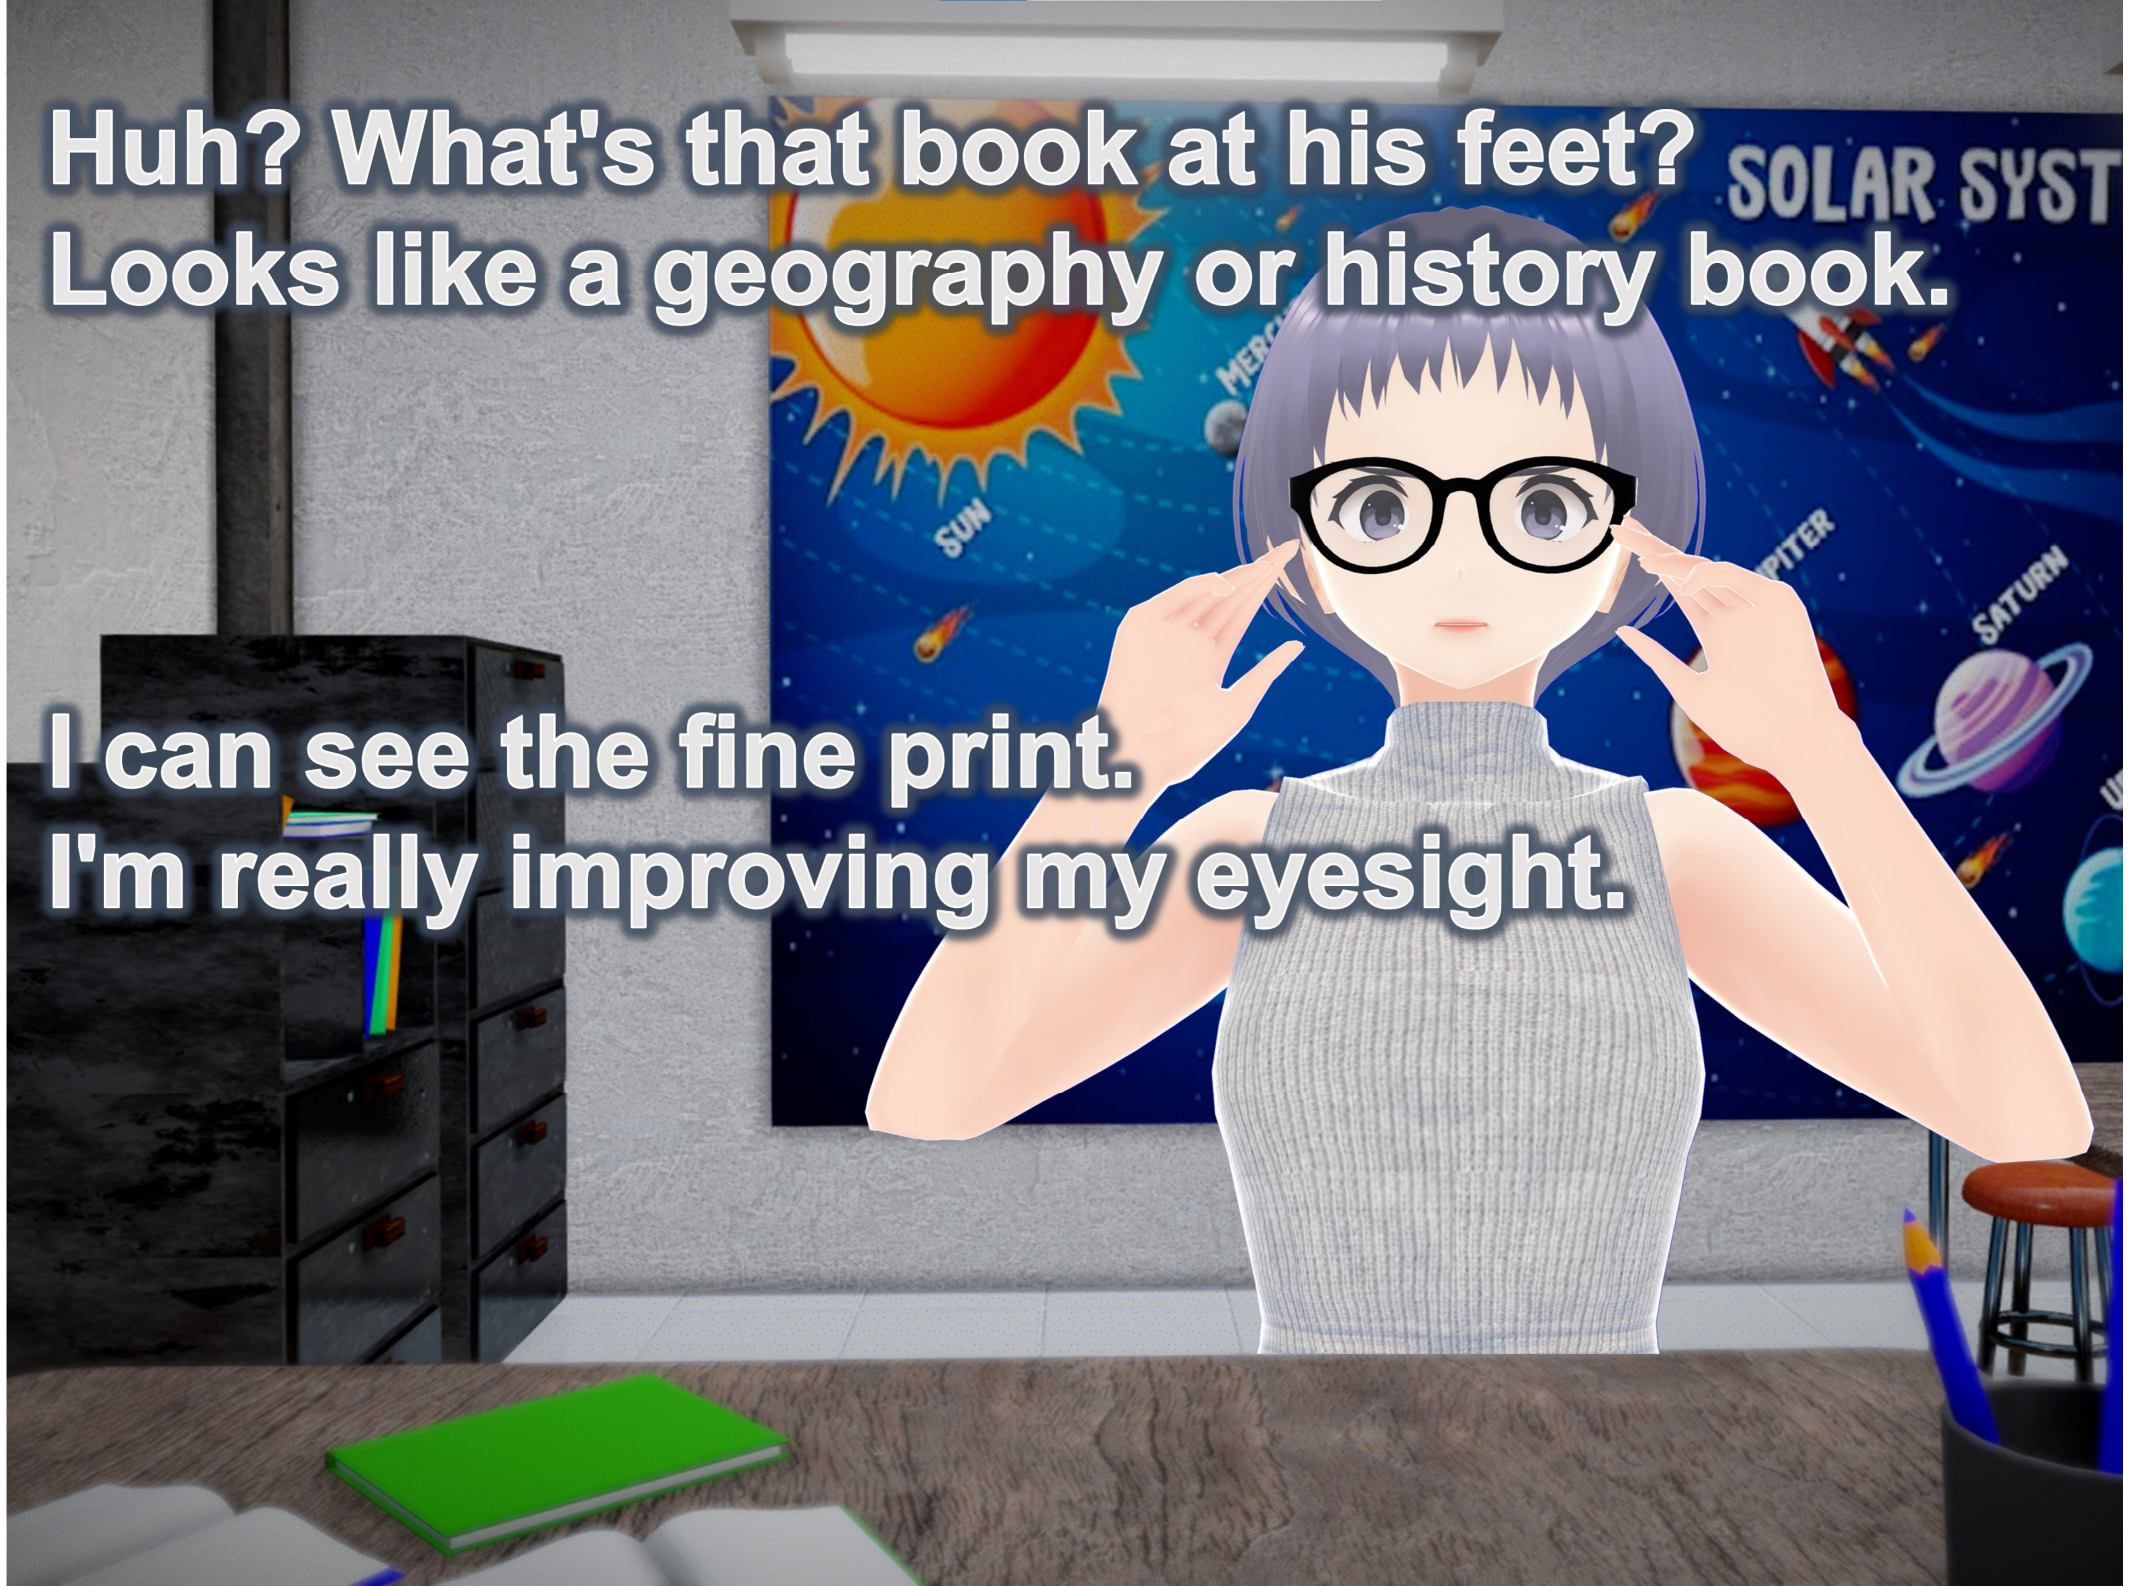

**Now then... Let's begin...
Today we will discuss
the relationship between
geography and history...**

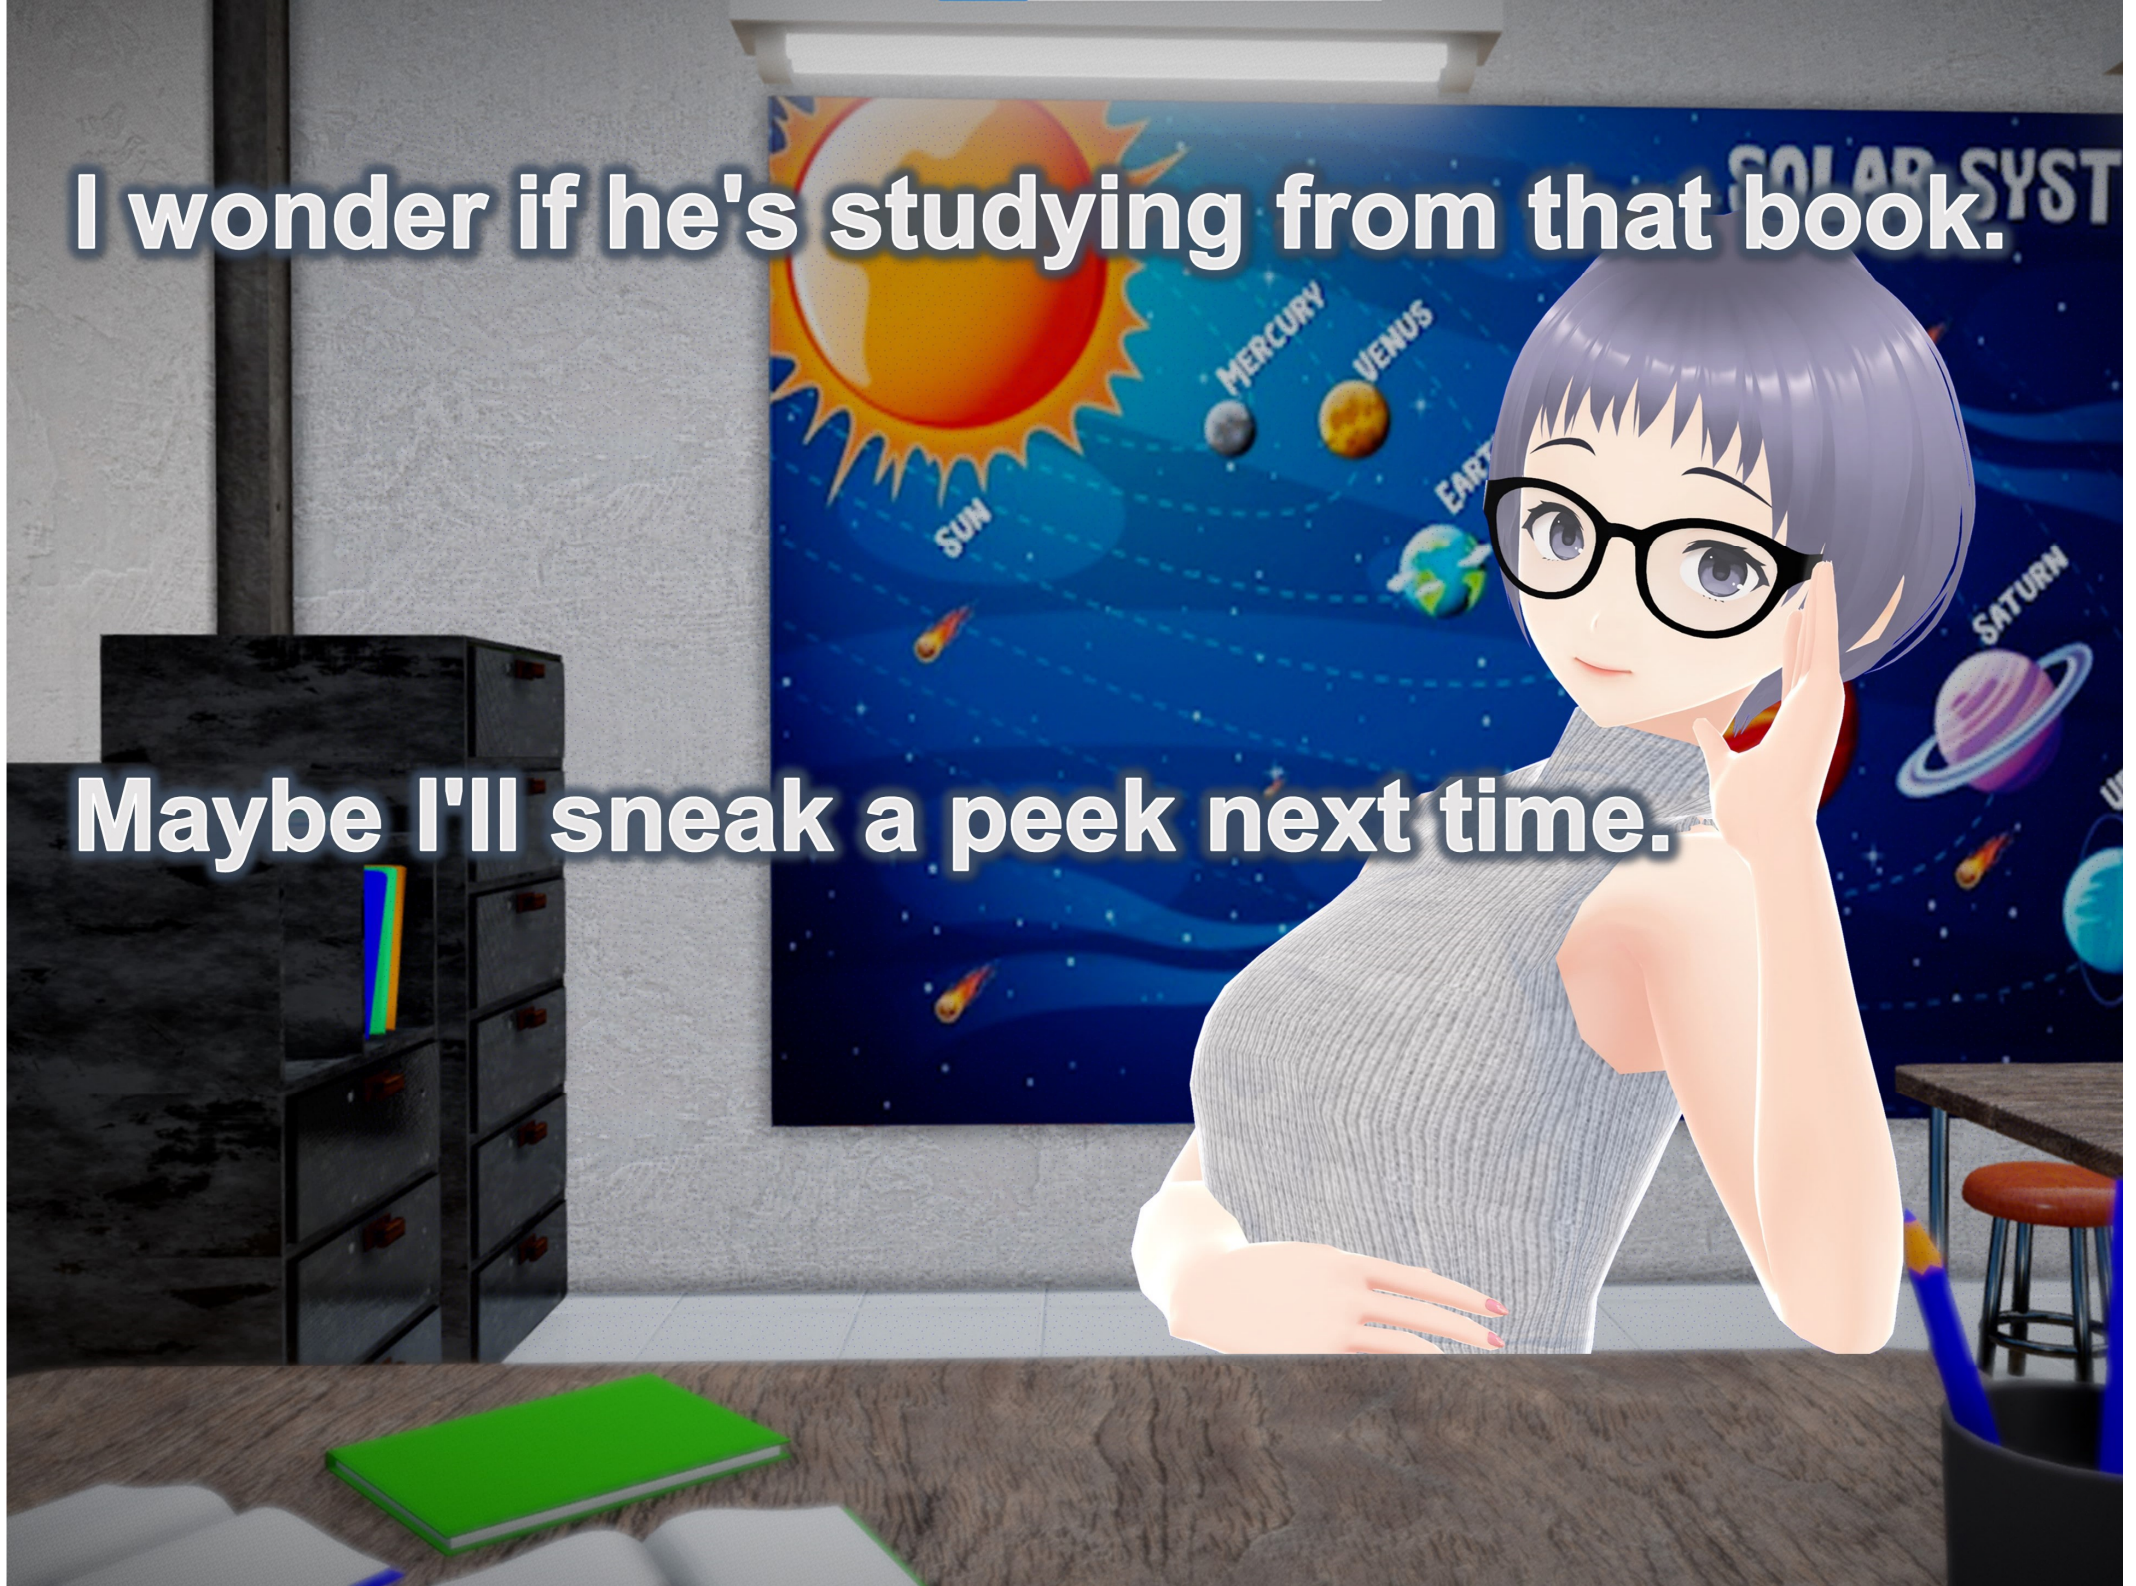

Huh? What's that book at his feet?
Looks like a geography or history book.

I can see the fine print.
I'm really improving my eyesight.

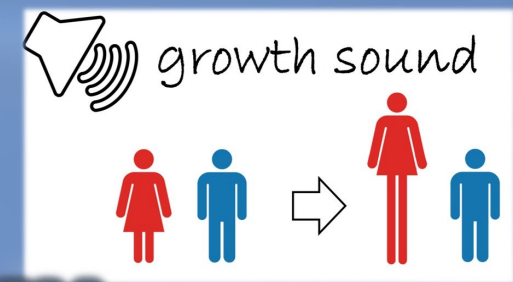

I wonder if he's studying from that book.

Maybe I'll sneak a peek next time.

Oh, this book...

That's the one he was reading.

**Hmmm, I skimmed through it,
but it's still not interesting.**

And in 1865...

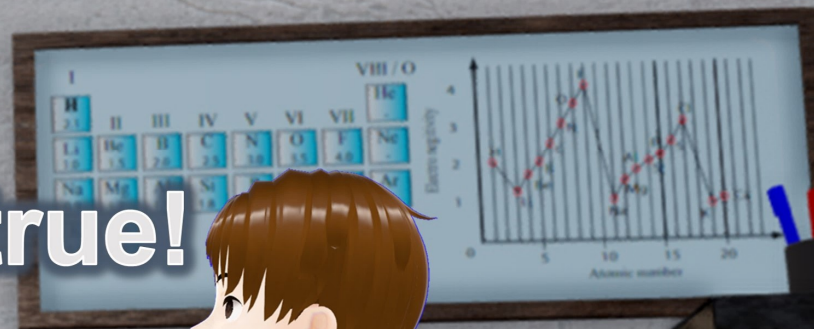

**Huh? What he said is exactly
what it says in the book!**

And the year is wrong...

Sir! That's not true!

It's not 1865, it's June 18, 1863.

It's written on page 213 of the book you're reading.

Uahh ! ?

You're getting too big!

I've really outgrown you!
